Backs B-36 Power

Gen. Carl A. Spaatz

FORMER Air Force Chief Gen. Carl A. Spaatz tells the House Armed Services Committee in Washington that America's industrial capacity, its A-bomb and the B-36 bomber are deterring Russia from waging war. Gen. Spaatz was recalled to the stand when the committee resumed hearing on the B-36 purchasing program after a week's recess. (International Soundphoto)

2-in-1 Vegetable Called Caulicab

SEATTLE (UP) — Once the housewife had to mix her *caulicab* from the raw ingredients. Progress has taken care of that. Some thing with pancakes, cook it, cakes, salad, meat loaf, milk shakes, eggnog and baby formulas. You can buy them next to table-tennis in any grocery store. Now nature has come up with

her own wife-saver — combined vegetables. Her newest trick is *caulicab*: cauliflower and cabbage combined.

It's cabbage-looking at first glance, only plumply pointed instead of globe shaped. But pull away the thick outside layer of tender cabbage leaves. Inside, all curled up and ready to eat, is a cauliflower. It's like finding a six-dollar dollar under the sofa cushion. You can make almost a whole dinner with a *caulicab*. Will it

some cole slaw with the outside leaves. Then cook the cauliflower with some cheese. Save a piece of cauliflower and chop it up raw for salad. There it is, your meal.

It's apartment-size, too; just enough for a two-person meal. If you have a big family, buy three or four.

Most likely though, there won't be any *caulicab* at the grocer's for a while.

Caulicab has just been developed by a Pacific northwest seed

STRONGBOY PAY UP

LEWISTON, Ida. (UP) — Richard Rogers, 19-year-old strongboy, was fined \$50 and damages after admitting he ripped six highway signs out of the ground with his bare hands just to show his pals he could do it.

company and these new developments take time to catch on, especially vegetables.

PROUD OF IT

SWANTON, Vt. (UP) — Looking like a wedding party, a stream of pally bedecked automobiles banked nosily down the main street. But on the rear of the first car was a sign reading "Just divorced."

In Norway a man often takes the name of the land he buys or of his wife if she happens to be the oldest child in her family.

SPINACH RECORD CLAIMED

THERMOPOLIS, Wyo. (UP) — Bert Cover proudly displayed a spinach stalk 11 feet high and claimed the title of spinach king formerly held by Postmaster Harley Murphy. Murphy won national recognition two years ago with a 10-foot 4-inch spinach plant.

White fir lumber is non-resinous, fine textured and odorless when dry.
