No Fish Story

DRAGGING his "whopper" through the streets of Duluth, Minn., little Ronald Ettestad of Northome, Minn., shows up the veteran anglers who have been fishing Half-Moon Lake, north of Duluth, for years. Ronald's pike measured 47 inches and weighed 26 pounds. The picture proves it. (International)

'Miracle Drugs' Foreseen Years Ago, Brewer Says

BUFFALO, N. Y. (UP)—The possibilities of such "miracle drugs" as penicillin and streptomycin were hinted at as far back as the turn of the century by a German chemist doing research in the science of brewing and fermentation, according to a Buffalo brewery executive.

Howard Hazen, vice president of the Schreiber Brewing Co., presented the University of Buffalo chemistry department with what he described as a "priceless" set of books on the chemistry of fermentation.

The set, Wagner's technical chemical yearbooks for 1852-1902, was said to be the most definitive of its kind ever written. Only two other complete sets of the books exist in the United States. Both belong to Milwaukee brewing concerns.

"The author foreshadows the discovery of such drugs as penicillin and streptomycin in his discussions of mold fermentation," Hazen said. "In a way, these works are the key to many of the later important discoveries."

John Nesbitt, WTHS agriculture teacher, said today in his announcement that the event is being sponsored by the FFA class, 4-H Club, and the Waynesville school district.

White Oak Plans Monthly Meeting On Recreation

By MISS JUANITA MESSER
Mountaineer Correspondent
The White Oak Community Development Program committee met last Thursday night to organize a program for the next community meeting, which will be held Wednesday night.

In planning the program the committee, together with the members of the recreation committee, decided to have a recreational meeting one night each month.

Tanks To Waynesville

The Waynesville Heavy Tank Company of the 120th Infantry, N. C. National Guard, is getting more fire power.

Officers reported today after returning from the summer encampment at Fort Jackson, S. C., that two more medium tanks, armed with 105 mm guns and 30 and 50 calibre machine guns, will be added soon to the company's armor.

This will give the outfit seven tanks in all.

The guns of the new ones, however, are heavier than those on the present company tanks. These are armed with 76 mm pieces, in addition to the machine guns.

Aged Couple Offer Happiness Rules

MILLVALE, Pa. (UP)—The first rule to be observed in making a marriage last is to let the husband be boss. But the wife should handle the money. That advice comes from a couple who have been married happily for 68 years.

Mr. and Mrs. Joseph Weinzell admit that the above-cited rules might not be absolutely divorce-proof for all couples, but they've certainly made a success out of their own life together by following them.

Weinzell, however, now has turned direction of the family over to his wife. "I don't hear so well, any more," he explained. "I was the boss as long as I was able. Now I always tell the children, 'Ask your mother.'"

Hearty Fare For School Days

MINSTRONE . . . Noon time soup for small-try

By CECILY BROWNSTONE
Associated Press Food Editor
A good hot plate of soup will help satisfy lusty young appetites home from school at noon. You can make it a hearty homemade hotful like minestrone, or you can use some of the convenient canned soups.

MINSTRONE

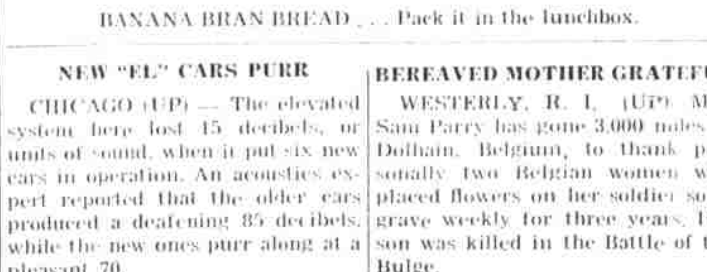

Ingredients: 3 cups canned red kidney beans, 1/2 cup chopped onion, 1/2 clove garlic, 1/2 teaspoon marjoram, 1 bay leaf, 2 tablespoons olive or other salad oil, 3 cups canned tomatoes, 1/2 teaspoon salt, 1/2 cup shredded raw cabbage, 1 cup shredded raw carrot, 1 cup cooked macaroni.

Method: Bring kidney beans to boil; then mash. Brown onion, garlic, marjoram, and bay leaf in olive or other salad oil. Mix beans, browned onion mixture, tomatoes, an dash together in a 2-quart heat-resistant glass saucepan. Cover and cook over low heat for about 1 hour. Fifteen minutes before serving add cabbage, carrot, and macaroni. Serve in soup plates or use heat-resistant glass deep pie dishes. Makes 8 to 10 servings.

BANANA BRAN BREAD

Ingredients: 1/2 cup shortening, 3/4 cup sugar, 2 eggs (well beaten), 2 cups bran, 1/4 cup water, 2 teaspoons lemon juice, 3 cups mashed banana, 3 cups sifted all-purpose flour, 1 teaspoon salt, 4 teaspoons baking powder, 1 teaspoon baking soda, 1/2 cup broken walnut meats.

Method: Cream shortening, beat in sugar. Stir in beaten eggs and bran. Add water and lemon juice to mashed banana. Sift together flour, salt, baking powder, and baking soda; add alternately with banana mixture to batter. Stir in broken walnut meats. Pour batter into two well greased heat-resistant glass loaf pans, 1-quart size. Bake in a moderate (350° F.) oven, for about 1 hour.

BANANA BRAN BREAD . . . Pack it in the lunchbox.

NEW "EL" CARS PURR
CHICAGO (UP)—The elevated system here lost 15 decibels, or units of sound, when it put six new cars in operation. An acoustics expert reported that the older cars produced a deafening 85 decibels, while the new ones purr along at a pleasant 70.

Cecil Residents Guests Of Saunook In Field Day, Farm Tour Saturday

Several hundred people of the Saunook and Cecil communities met in Saunook last Saturday for an inter-community Field Day and farm and home tour.

Saunook Chairman Richard N. Barber, Jr., greeted the guests, who were headed by Dr. A. P. Cling, Cecil community chairman.

In the morning, the visitors went first to Cecil Arrington's home to see the lawn, bank planting, and other home improvements.

Then they went through Harry Lee Limer's home, focusing particular interest in the heating plant there and the fish pond on the grounds.

James Miller offered outstanding examples of fine tobacco, corn and cattle, and at Harver Eavenon's they inspected an excellent orchard, saw Mr. Eavenon's home, and his well-kept lawn.

Continuing the tour they saw Bulling Hall's orchard and storage house, and then visited R. V. Welch's farm to see a fine herd of beef cattle there.

After being shown through the U. S. Fish Hatchery at Balsam, they went to Mr. Barber's, where they were escorted through the famous apple orchards.

Following dinner at the cold-storage building in the orchard, they competed in the recreation events which were held at Welch bottom.

The results:
