

STUDENTS STRANDED BY RULING

BROKE AND STRANDED after a summer abroad, three members of a students' group of 40, find a bed in the press room at Idlewild Airport, New York. They are (l. to r.): John Westerber, Rockford, Ill.; David Ellison, Erie, Ill., and Maynard Smith, Chicago. They were to have been picked up by an airliner, but the Civil Aeronautics Board had ruled against it pending hearings on safety charges. (International)

What People Put In Mail Boxes Enough To Drive Postmen Crazy

Funeral Held Tuesday For Traffic Victim

Funeral services were held from the White Oak Baptist Church Tuesday afternoon for Sgt. Maynard R. Cooper, 23 of St. Petersburg, Fla., killed Saturday night in an auto accident in White Oak. The Rev. Forest Ferguson and Rev. Clarence Taylor officiated. Burial was in the church cemetery. Serving as pall bearers were Frank Teague, Sherrill Teague, Melvin Messer, David Teague, Hugh M. ... and Robert Fisher. The officer attached to the 310th Reconnaissance wing, stationed at the Greenville S. C. Air Force Base was the son of Mr. and Mrs. Charles Cooper of St. Augustine, Fla. The widow, Mrs. Ellen Cooper of White Oak, and a brother, Arnold, 27 St. Augustine also survive. Crawford Funeral Home made the arrangements for the final rites.

Haywood Youths To Compete In Timber Contests

Young boys from Haywood and five other Western North Carolina counties will compete starting next month in contests in timber thinning and timber stand improvement. The district forestry competition is being held by the Asheville Agricultural Development Council which coincides with Haywood's Community Development Program committee in cooperation with the Clatsop Paper and Fibre Company. County contests will start October 1 for the boys ranging from 14 to 19 years of age, and will continue until May 1, last weekend's announcement said. The winners in the county contests will compete in the district competition. The paper firm will give the district champion a prize of \$100. The firm also will make awards of \$50 and \$25 respectively to the boys finishing second and third. The winner will be decided on the basis of how well he will have improved one acre of forest. Contests in the individual counties will be sponsored by the respective county farm agents. Taking part in the competition will be youths in Buncombe, Madison, Yancey, McDowell, Henderson and Transylvania, in addition to Haywood.

Clyde Soldier Takes Army Radio Course

Private David R. Rogers of Clyde has graduated from the Army Radio Operators School at Camp Hood, Tex. The course involving instruction in radio operation and signal procedure was conducted by the Second Armored Division and lasted nine weeks. Private Rogers was one of 44 soldiers who took the course. The soldier, son of Mr. and Mrs. R. F. Rogers of Clyde, has been serving at Camp Hood since May 5.

TRUMAN WAVES TO LEGION BUDDIES

ARRIVING IN PHILADELPHIA for the American Legion Convention, President Truman waves his hat as he drives away from the station. With him is Perry Brown (right), National Commander of the Legion. The Chief Executive came as delegate from Missouri. (International Soundphoto)

Two Little Devils Quail Before Butcher Knife

ST. LOUIS (UP) - Ely Miletich is inclined to be grumpy in the morning, especially when he has to get up at 5 a.m. to open his restaurant. He hadn't even had a chance to rub the sleep from his eyes when "two little devils" came in, displayed a pistol and asked for his money. Miletich picked up a butcher knife and chased them out.

Discovers Way To Make Dried Apples Tastier

BERKELEY, Cal. (UP) - A University of California professor believes a new style of dried apple strips, he developed will be marketed all over the country like potato chips. Dr. W. V. Cress, a food technologist, recommends cutting the dried fruit into shattering strips and selling them for the family trade in cellophane bags or cartons. Up to now apples were dried in the form of rings, and did not find many uses in the American kitchen, Cress said.

LITTLE SISTER GETS BREAK

SOMERVILLE, Mass. (UP) - Virginia A. Southers, 11, winner of the New England AAU junior 1,500-meter championship, said her swimming career had paid off in more than just blue ribbons and publicity. Every time she returns from a meet, her brothers take over her regular job of doing the dishes.

CANDY KID LOSES OUT

BOSTON (UP) - A bookie's scheme to destroy evidence failed when police arrested him before he could swallow three lottery slips. They were white peppermint wafer, on which bets had been placed.

Success Formula Given As 'Keep Eye On Others'

Anti-Smothering Device For Babies Perfected

ANDERSON, Ind. (UP) - A device to safeguard infants when left alone, the invention of a medical man whose baby almost smothered in his blanket, has been introduced. The protective measure, called "Safe-Tie," is a diaper-like arrangement easily fastened to the crib, bed, or car, bus or plane seat. While allowing infants a high degree of movement and comfort, it has been designed to protect them against dangers of smothering, falling, or exposure caused by kicking off the covers in cold weather. It is the invention of Dr. Harry Hagen of Fort Lauderdale, Fla., father of six children.

Confidence Stressed

"I don't try to give specific instructions for any one role," she said. "I work more on personality and imagination and cultivating inner poise. I want to develop a confidence so that when an actor eventually stands in front of a director he will be able to do what is required of him." Her rules for developing personality and poise, she added, apply not only to stars but to any person. They are: 1. Know your self. Find the reasons for your actions. They will give you poise. 2. Observe life. Watch other and their reactions. 3. Develop your imagination. It is food to nourish your personality. 4. Be eager to learn new things. They will broaden your life. 5. Be warm and friendly to others. That will give you a personal magnetism which will help you reach any goal.

Safety Wing Tip Devised For Light Airplanes

BRECKENRIDGE, Minn. (UP) - Two Walpole, N. D., scientists have invented a "non-falling wing tip" which they claim is an important advance in light airplane safety. Art Sampson and C. M. Babton are the inventors. The new tip, they say, has been endorsed by the civil aeronautics authority. It will permit a light plane to take off in 400 yard, 600 yard, less than CAA specifications, Sampson said. The device also will bring a light plane out of a spin in a turn and a half, whereas normally it would take four turns.

Which of these letters do you use most often?

M O F P B T E Q R S I G Y A C L

DID you say "E"? Well, you're right. E is easily the most used letter in the English language. And E also stands for Electricity - the service you use most often. Light, power, heat, cold, time, music... no other service does so many jobs for you so cheaply and so dependably as Electricity. America enjoys the best and the most Electric service in the world - largely because business-managed Electric companies have worked constantly to keep the quality of service up and the cost of service down.
