Here is a picture of Main Street, Typicaltown, U.S.A. It is a glimpse of any town — our town. Its busy thoroughfare lined with shops of all kinds signifies the free business life which American communities enjoy.

To change this scene is unthinkable. And yet, this very picture is endangered by the many evils that haunt our land today. Atheism, communism, crime, and delinquency fill the air, and there are wars—and "rumors of wars."

To combat these enemies, we need love, fellowship, tolerance, and understanding—and the source of such weapons is to be found in the Church.

In order to equip more people with the banners of Christianity, in order to bring us all a fuller realization that the Church can save the things we hold dear, there will appear in this newspaper each week a series of religious pages. They will contain beautiful, human-interest pictures, and the brief, colorful stories will serve us all as reminders of our religious obligations.

This series is part of a nation-wide campaign designed to stimulate and renew interest in the Church—a need which concerns the very nature of our living.

And the people making this program possible, in cooperation with this newspaper, are those whose shops and establishments line the streets of our town. At the bottom of these pages is a list of names — the laymen and businessmen who feel the necessity for bringing the Church within the vision and grasp of more people.

To do this is to strengthen our way of life, to better it, and to make it more secure against the forces which seek its destruction.
