Symphony Society Starts Drive For Memberships

The annual drive for memberships in the North Carolina Symphony Society started this morning in Waynesville, Hazelwood, and Lake Junaluska.

Mrs. Frieda Knopf was elected drive chairman at a meeting of the membership campaign committee, held at the home of Mrs. Jonathan Woods, Friday afternoon. Mrs. Woods, retiring chairman, will continue to serve as vice-chairman.

The goal of the committee is 5700 memberships in order to bring the Symphony to Waynesville for both children's and evening performances.

Only members are entitled to attend every evening concert sponsored by the Society throughout the year for the price of just one concert. Last year many members who joined the Little Symphony here, went to Asheville for the performance of the Full Symphony.

A membership in the Symphony Society also helps to make possible the first concert for school children. Each season the North Carolina Symphony Orchestra presents three children's concerts in the mountain towns throughout the State. During the past four seasons the concert for children in this community has become a very popular event. The children enjoy the music because they are prepared ahead of time by materials sent in from the classrooms. Without contributions and subscriptions from Symphony members, the children's concerts could not be possible.

The Little Symphony is scheduled to start its concert season next year, and a place is being reserved for the primary for Waynesville. The first date for the concerts will be announced early in January. As far as present announcements indicate the appearance of the orchestra will be the only event of interest in the winter schedule for this community.
