The Casey Small House Planning Bureau THE CASEY is a three-bedroom house suitable for a narrow lot. The liberal number of closets in this plan should delight the homemaker whose problem it is to find sufficient storage space. A closet at the grade entrance of The Casey and a general closet in the hall are available in addition to the usual vestibule coat closet, the linen closet and large wardrobes in each of the bedrooms. All of the rooms in The Casey, including the kitchen, open into one central hall. This arrangement eliminates the need of passing through one room before entering another. The Casey's modern kitchen is arranged in an efficient U-shape. There is a large well-lighted dining area at one end of the room. The Casey has a full basement. Its exterior walls are of frame construction with siding. The roof is covered with asphalt shingles. Dimensions of The Casey are 26 feet by 37 feet with a 4 foot front projection. The house has an area of 1,026 square feet and a volume of 20,642 cubic feet. For further information about THE CASEY, write the Small House Planning Bureau, St. Cloud, Minn.
