Star Labels 'Live An Emotion' Is Applesauce

HOLLYWOOD (UP)—Ann Blythe, who's 21 and old enough to speak her mind, labels as applesauce the theory that an actor or actress has to "live" an emotion before he or she can portray it in a character.

"Imagination, spiced with technical skill, is the making of an actor," the shapely brunette said. "After all, an author uses his imagination to write convincingly about places he has never seen and about persons that exist only in his mind.

"Acting is just an exercise of the imagination in another way."

Although barely out of the child prodigy class, the talented Miss B has played a wide variety of roles—from sweet young things to ungrateful brats to mermaids.

And speaking of mermaids, she remarked, just how should an actress undertake to experience the emotion of one of those scaly ladies?

Uses Imagination

Her present role in "With All My Love" is another case in point, the junior star said. "The Sam Goldwyn production calls for her to play an adopted daughter.

"I had wonderful parents and a lovely childhood, so how could I rely on experience to put punch in my performance?" she asks. "Just the same I can imagine what it feels like to be adopted."

The countless youngsters who play footie with the arty live-and-suffer school might share some of her success if they gave their im-

aginations a workout instead, she thinks.

Everyone has some imagination, and almost everyone can harness it to help power their careers, Miss Blythe said. In the case of an actor, this transfer is a matter of switching a mental picture into physical signs of an emotion.

"Looking at it another way," Ann concluded, "an actor who tried to experience every emotion he might have to portray would have precious little time to waste acting."

Canton Lions To Give 4-H Club Benefit Dance

The Canton Lions Club is sponsoring its first pre-Christmas Dance the night of December 10 for the benefit of the Haywood County 4-H Club Camp.

Maurice Brooks, president of the Club, said all proceeds from the event will be contributed for the camp.

Eva Boatwright and her orchestra will play for the dance, which will be held from 9 P. M. till 1 A. M. at the Canton Armory.

All types of refreshments will be sold.

The club's committee on boys and girls work, which will be in charge of the event, comprise Carl Powell, the chairman; Jack Justice, and Jack Cate.

Table reservations may be obtained at the door.

ALL IS CONFUSION

PHENIX CITY, Ala. (UP)—It's confusing, trying to call the fire department, police, hospital, county jail or a cab in Phenix City. For the hospital, you call 8-7811. One taxi company is 8-8712, the other 8-8771. The police, jail and fire department numbers are just as close and people calling those three numbers are usually excited enough to mix them up.
