L's And M's Have Only 19 Days To Renew Licenses

Christmas greetings to the L's and the M's from the State Motor Vehicles Department. Only 19 more days to get your driver's license renewed. And if you don't care very much for crowds, get them now. December 31 is the deadline for people whose last names begin with L or M to take their examinations. The driver's license examinee, speaking from experience, advise motorists to tend to the matter well before the deadline. Generally, people never do today what they can put off until tomorrow. That accounts for the last-minute rush and the long waiting in the long lines. The examiner is on duty in the basement of the Court House on Mondays, Thursdays, and Saturdays.
