and Lawrence Leatherwood, three of the most active Lions, worked every game in their jobs as members of the school's athletic committee.

He expressed his appreciation also to the two physicians who also are Lions, for the cheerful service they offer whenever a player needed them.

He gave his thanks, then, to all the members of the club who gave him and the team their loyal support through the season.

Weatherby's assistants—Marshall Teague, who has just finished his first season, and Carl Ratcliffe, who has just finished his tenth—didn't escape his attention, either.

If either had any doubts about his own abilities, they vanished before Weatherby had spoken for more than a minute.

The head coach expressed his confidence in his lieutenants this way:

"I'm pretty particular about the men I let take care of my boys."

Then Weatherby introduced his players, commenting gently on each one as he introduced him.

Ratcliffe responded by giving a hopeful forecast of next season.

"We're losing some good boys," he said, "but we have some good ones coming up from last season's junior varsity."

Teague returned the coach's compliments, and expressed appreciation for the courtesy the Lions had extended him and the boys.

Sportscaster Blue Robinson who covered all but one of the games this season for Station WHCC characterized the boys in this quote: "It's not whether you won or lost, but how you played the game."

And no one tried harder to make the players feel they had fought the good fight than the boys and girls of the host church's Methodist Youth Fellowship, who served the dinner.

The players also saw the club administration in action.

They watched with close attention as the Rev. L. G. Elliott, a Lion and pastor of Waynesville's First Baptist Church induct a new member into the club—Bob Korte, who also is an active member of the Waynesville Junior Chamber of Commerce.

They heard committee chairman report project plans to Club President Dick Bradley, and watched with interest the Tail-Whisperer roam restlessly through

15 Inducted Into Masque & Gavel Society Friday

Fifteen Waynesville Township High School students were inducted Friday night into the Masque and Gavel, the national scholastic recognition society.

The organization was organized in 1940 to help high school students learn to speak before public audiences.

MORE ABOUT County

The bill would range from a top \$7.00 per night for the use of the Waynesville Township High School gymnasium to 25 cents per hour for the use of the smallest in the county.

All county school buildings, he added, are available for the use of Community Development Program or other organizations.

The county has been absorbing much of the extra cost involved in the operation of school buildings after hours, for high school basketball games, and other purposes, for example.

But, Messer said, the county cannot quite meet the added operational expenses involved in connection with the many community activities that have developed.

The Masque and Gavel members have set as their goal a consistent improvement in the use of English.

A Christmas Present we ordered 3 1/2 years ago!

Excuse our blushes, but our pride is showing. It's a grand and glorious feeling to be headed for the cheery Christmas season with not 1 but 101 bright and shining presents for the Southland.

We're talking, of course, about our 101 new streamlined coaches, all-room Pullmans, diners and lounge cars. They've been going into service almost daily since the first one reached Southern Railway tracks last July.

Nearly all of these cars—ordered more than three years ago—will be in our trains by Christmas. Expensive? The price tag reads \$11 1/2 million! But we enjoy playing this kind of Santa Claus for the Southland we serve.
