

Old Covenant Dooms New Building

WASHINGTON (AP) — Louis Burman, real estate man, built a store building. Then a resident of the neighborhood bought up an 1881 covenant which prohibited buildings from extending closer than 30 feet from the sidewalk. Burman went to court and lost. The case went to the Supreme Court, which refused to rule. "I guess I'll have to tear down the whole building," Burman said — "but I'm seriously considering setting up a tombstone on the vacant lot."

Not A John Hancock On The List

WASHINGTON (AP) — Autographs of Rudyard Kipling, George Gershwin, Dr. Lise Meitner and Margaret Mitchell are among the most sought-after by collectors today, one expert says.

Describing autograph collecting as a highly stimulating and profitable hobby, collector Robley Stevens writes in the magazine "Hobby Digest" listed other "most sought after" signatures as "Prof. Albert Einstein, President F. D. Roosevelt, Justice Felix Frankfurter, the Duke and Duchess of Windsor, Gen. George Marshall, Cordell Hull, Charles (not Thomas) Edison. Commercial autograph catalogues list the following prices: George Washington—\$185; William Faulkner—\$45; John Philip Sousa—\$12.50; Woodrow Wilson—\$6.50; Sinclair Lewis—\$10.

Kitchens Are Dangerous

CHICAGO (AP) — Quarreling husbands and wives should stay out of the kitchen—if they want to avoid adding injury to insult.

A study of divorce suits filed here in one week showed that the kitchen was the scene of nine out of every ten battles in which something was thrown.

Americans Are Living Longer

NEW YORK (AP) — Population statistics for the United States shows that approximately 6.8 per cent are 65 years of age or over compared with 2.7 per cent in 1860. It is estimated that at the current rate of increase the ratio will have gone to 13.2 per cent at the end of the century.

Apple Dumplings for Dessert

By ALICE DENHOFF

HEARTY desserts make a nice wind-up for a meal whose main course is somewhat on the skimpy side or concocted from left-overs, and a good ending suits well with folks who partake of a fish or egg, cheese and pasta casserole. What folks really do go for is a helping of well-made apple dumplings, but this recipe permits peaches, pears, prunes or apricots in lieu of apples, if so desired.

To serve 6, peel, core and slice apples to make 2 c. thin slices. Place in saucepan with 2 c. water, one c. sugar and 1/2 t. butter. When this boils, drop in dumplings made as follows: Sift 2 c. flour, 3 t. baking powder together with 1/2 t. salt. Stir 1/2 c. cream into this.

Drop the dumplings into the boiling apple liquid and cover closely. Cook for 20 min. Keep the liquid just boiling, but not violently so, lest the syrup burn. The apple

dumplings may be cooked in the oven in a covered baking dish, a glass one being a good choice. Use a 350 F. oven. In cooking dumplings over liquid, it is the steam that cooks them and the liquid should boil gently.

Pineapple cream is a delicious dessert. To serve 4, cut 4 marshmallows into bits and mix with 1/2 c. preserved pineapple. Combine 1/2 c. cream, an egg white and strained juice of 1/2 lemon. Beat this stiff and mix with the pineapple. Pile into sherbet glasses. Serve cold, decorated with bits of candied cherries.

For a dessert that is as pleasing as it is pretty, heat a pint of grenadine in a saucepan. Drain a can of pears and cook the fruit in the grenadine until it is a rich red. Place the pears on a decorative dish in a contrasting color such as a rich green, or dull blue. Serve the pears hot, placing each on a portion of ice cream.

What Every Woman Wants

LOS ANGELES (AP) — Radio give-away programs are popular because they play the good fairy in this mechanistic age, says Dr. Franklin Fearing, U.C.L.A. psychologist.

Fearing analyzed the "wishes" submitted by women on one such program, and found 35 per cent wanted special experiences, such as a date with a movie star or a trip to Bermuda; 30 per cent wanted practical things like automatic washing machines or vacuum cleaners; 18 per cent asked for special services such as medical care or a job; 13 per cent asked for luxury items like mink coats or television sets; and only 4 per cent wanted bizarre or unrealistic gifts.

Just Wait 'Till 1999

WASHINGTON (AP) — An architect forecasts that by 1999 Washington will be a choice place to live with everything to recommend it except its summer temperatures.

It will be a city of 3,000,000, Frederick Vernon Murphy believes, with virtually no slums, few private residences, an opera house and a large gallery of modern art. Murphy formerly was head of the department of architecture at Catholic University here.

The greatest depth of the ocean is 35,400 feet, found in the Pacific.

Cross Cow With Buffalo To Get "Brahmolo"

BELLE FOURCHE, S. D. (UP) —Ranchers Pete Rosander, Marion Wilson and Hank Thompson believe they have started a new strain of cattle which will be as hardy as the buffalo and as tasty as choice beef.

It's a "brahmolo," a cross between a brahma cow and a buffalo bull.

It looks like a regular calf except for fur instead of hair, and its grunt and hoar are hoon-like. The big question is whether the "brahmolo" will reproduce.

Spotters Bag Poachers Before They Get Bag

FORT ORD, Cal. (UP) —Poachers are having a rough time doing any hunting on this sprawling military reservation.

The range patrol with their tough rifle jeeps have added light planes to their squad. The pilots spot the hunters almost as soon as they enter the reservation and radio their location to the ground squad. Arrest usually follows in minutes.

Didn't Know Sports But Hits Jackpot

ATLANTA (UP) — Mrs. J. A. Sewell, who complained that she never received a call from the radio quiz shows, was considerably disappointed when she did get a call and the question:

"In what year did Babe Ruth set a world's record by hitting 60 home runs?"

"I never saw a baseball game in my life," the 80-year-old woman protested. "I hardly know what a home run is. I am the widow of a Methodist preacher."

"Well, then," coaxed the announcer, "just guess."

"All right," sighed Mrs. Sewell. "1927."

"You've won \$60!" yelled the emcee.

Mrs. Sewell said she thought she would start paying closer attention to sports.

Sugarplum Tree For Christmas

By CECILY BROWNSTONE

Associated Press Food Editor Wonderful centerpiece for a holiday party table is a Christmas candy tree. Everyone will be delighted to see it first, then munch a piece of it! Shape the tree yourself, for that needs fast work, but let the youngsters start it with "lights" in the shape of gumdrops, cherries, dates, and pecans. Center the tree on the table and arrange green huckleberry leaves or pine boughs around it. Then put tiny surprise package favors in among the leaves and tie them with gay ribbons that lead to each place.

CANDY CHRISTMAS TREE

Ingredients: 1 four-and-one-half-ounce package puffed rice, 2 cups light corn syrup, 1 teaspoon salt, 2 teaspoons vinegar, 1/4 cup butter or margarine, 2 teaspoons vanilla gumdrops, candied cherries, dates, pecans, candied pineapple.

Method: Put the puffed rice into a shallow pan. Heat in a moderate (350 F.) oven for 10 minutes. Pour puffed rice into a large greased bowl. Mix the syrup, salt, and vinegar together in a saucepan; cook until a few drops in cold water form a hard ball (255° F.). Remove from heat, add butter or margarine and vanilla, stirring only enough to mix. Mixing quickly, gradually pour cooked syrup over the puffed rice. With greased hands shape into a large cone-shaped tree. Decorate with gumdrops, candied cherries, dates, and nuts. Cut star for

top from candied pineapple. Place decorated tree on a base about two inches high—a small can, a glass, or a custard cup works fine. Wrap base with Christmas paper.

Note: Make the tree no more than a day or two before the time it is to be used.

And here's another holiday confection that's delicious to taste and easy to make:

CHOCOLATE MARSHMALLOW BARS

Ingredients: 6 cups puffed rice or puffed wheat, 1/4 cup butter or margarine, 1/3 cup peanut butter, 1/2 pound (about 32) marshmallows, 1 six-ounce package semi-sweet chocolate pieces, 1/2 cup peanuts.

Method: Put puffed rice or wheat into a shallow pan. Heat in a moderate (350 F.) oven for 10 minutes. Pour into a large greased bowl. Melt butter or margarine, peanut butter, and marshmallows in a double boiler, stirring occasionally. It may take quite a little while to melt the marshmallows. Pour over puffed rice or wheat, stirring until the cereal is evenly coated. Pack half of mixture in a greased 7 x 11-inch pan; cover with chocolate pieces. Place in a moderate (350° F.) oven for 2 to 3 minutes, until chocolate pieces are softened. Remove from oven. Spread chocolate with a spatula; sprinkle with peanuts. Top with remaining puffed rice mixture. Cool and cut into bars.

CANDY CHRISTMAS TREE . . . For the kiddies.

HICKORY DICKORY DOCK

PETERSHAM, Mass. (UP) —When the Petersham Unitarian Church clock stopped striking the hour but continued to toll time, Janitor Kenneth Clark was puzzled. Investigation revealed that a mouse had run up the clock and got caught in the striking mechanism.

Iron Lung For Battle Shock

DENVER (AP) —The U. S. Navy is sponsoring a pulsating chamber as a possible lifesaver for men wounded during sea battles. The idea is to shove a man, close to dying of shock, into one of these chambers, with assurance that he will be kept alive almost automatically until surgeons can attend him. Shock is one of the commonest causes of quick death from battle wounds. Plasma escapes into tissues and lowers blood pressure. Hearts may not get enough blood to pump and a man may faint because of lack of enough blood in his brain.

The chamber, known as the Thunberg apparatus, is like an iron lung. Studies are being made by Dr. Fred E. D'Amour and Dr. Donn L. Smith at the University of Denver.

Lights For Horses

DENVER (AP) — Headlights and tail lights for horses have been devised by John Noack, foreman of the Hermann H. Heiser Saddle Company. He thinks these will cut down the number of horse-automobile collisions after dark. The reflector parts are made of fluorescent cloth backed with leather. These are fastened in cross-shape over the front part of the headstall and in crescent shape over the back of the cante. Noack said the reflectors can be picked up by an automobile headlight beam a half mile away.

There are about 4,000,000 head of cattle in Nebraska.
