THE DAYS of OUR YEARS

From the dawn of human intelligence to the present, man has divided the day into measured periods. This interest in time is a natural development, because time is the essence of human life.

At first, the passing of days was marked by the sun, moon, and stars. Then man invented mechanical time-keepers—the sun dial, the hour glass, the first crude clock. Eventually our present highly-perfected time keeping system was evolved.

Because man's life is measured in hours and days and years, it is important that he put into each of these, the greatest amount of good he can; for life passes swiftly.

Religion teaches a man to lead a good life, to worship God and serve his fellow man. Go to church and make the Bible your daily guide. It will help you make the most of the days of your life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

New, Easy Way to Farm

One Minute to PUT ON IMPLEMENTS

NEW EAGLE HITCH

EASIEST 3-POINT HOOK-UP YOU EVER SAW

See it... Try it...

The new Eagle Hitch on the 1950 Case "VAC" tractor takes hold of the new latch-on implements and picks them up—fast and easy. Without getting of the seat you just latch on, drop a pin, and go! You get to the field quick, slash sover. Work is done faster because the Eagle Hitch keeps implements working at a steady depth in spite of hard spots and uneven ground. Come in and see it! Try the new low-pressure hydraulic implement control. You'll like the way it works with both latch-on and front-mounted implements. This isn't push-button farming but it's the nearest thing to it. And you'll be amazed at the eager power wrapped up in this low-cost 2-plow tractor.
