You may be POISONED by constipation and not know it!

If you suffer from:
Headaches, Dizziness, Bad Breath,
Sour Stomach, Gas, Pimples,
Loss of appetite, Loss of sleep
because of constipation.

READ EVERY WORD...ACT NOW!
For millions of men and women, the above symptoms can be Nature's emergency warnings that the body is having difficulty in ridding itself of the intestinal wastes that must be eliminated . . . regularly and completely. Many doctors know that it is quite possible to be slowly poisoned by faulty elimination. Clinical tests show that if you have faulty elimination, the wastes back up in your "Danger Zone" (the large intestine) where they can become purified and poisonous. The longer these wastes stay in your intestinal tract, the greater their degree of danger to your system. In an amazingly short length of time, you can become the victim of self-poisoning. Keep intestinal wastes moving out of your "Danger Zone" by using this new, safe, all-natural method!

Take MARVELAX for a more thorough, healthy elimination. Not a purge, not a harsh laxative, MARVELAX contains no drugs, no oils or salts. MARVELAX contains PRUNES, considered by many authorities to be Nature's famous anti-constipation food—as well as dextrose and four other natural ingredients that soften, slicken intestinal wastes for easier elimination . . . and gently "exercise" and condition the important muscles in your digestive tract.

Take MARVELAX for ten days, according to simple instructions. If you are not absolutely pleased and thrilled with results, purchase price will be returned in full!
