Killed . . . 2

Injured . . . 5

(This information compiled from Records of State Highway Patrol.)

delights Of The News
erable Corn
Williams, Waynesville's corn growing champion, during those 141.34 bushels one acre cost him only more than it cost him to grow the corn on the nine other acres. The \$1.50, he estimates for the ammonium nitrate as side dressing. He says that the record yield that the state and county title economical one generally. His other nine acres—land pulled down the hill he estimates it as about 15 cents to the acre or better. Next year, he hopes to do better. Whether or not the same rich bottom land will give him the title he now has. "One year, the corn will be the best for growing. The next, maybe hill will be the best. You can't depend on the growths, how much rain we get, how much luck." But he got interested in the 1949 competition attended the Corn Club banquet. Dr. Collins, the State Extensionist, talked about last year at the banquet, explains, "and he made the corn contest." The principal speaker at last night's Corn Club banquet, Dr. Collins again. A few minutes after the specialist Williams received the trophy from the Haywood County Corn Club.
