Civic Leaders Preview Freedom Film Sponsored By Champion Paper Friday

Needs Only One

Representatives of more than 65 Haywood and Buncombe county organizations were Friday night guests of the Canton Division of the Champion Paper and Fibre company at a dinner previewing of the new movie, "The Price Of Freedom," at the Champion YMCA in Canton.

H. A. Helder, Champion's division manager, was host at the meeting and gave a brief introduction to the film. He stated, "The Price Of Freedom" is a 22-minute movie developed to combat American indifference to civic responsibility. It was directed by William J. Thiele, an internationally known director, with a cast of well known Hollywood actors."

Mr. Helder explained that in the interest of constructive action for the preservation of American freedom Champion had obtained a copy of this movie, with the intention of making it available for showing to every citizen in a large area surrounding the Canton plant.

He announced that any organization, church, school or other group could arrange with J. B. Morford, manager of Champion's industrial and community relations department, for a scheduled showing of the movie and that Champion would provide the necessary facilities.

Mr. Helder concluded his remarks by saying "the picture carries a powerful message and a real challenge. We hope it will awaken Americans to the price of freedom."

The movie portrays the gripping story of a young newspaper reporter's search for the journalistic field in which he could best serve humanity. His gradual realization that people in general are apathetic toward preserving their rights and freedom caused him to write a stirring series of articles designed to re-awaken them to their individual and collective responsibilities.

The story is dramatically climaxed by his bitter but successful struggle to persuade his publisher father that the out-spoken articles should be printed in their conservative newspaper.

Death Rate

There has been a great shift in the causes of death from diseases of youth toward diseases of later years. In 1940, 27 per cent of America was over 45 years of age. This group used more than half of America's medical attention and services. By 1960 those over 45 will make up almost 50 per cent of the population, and they will require much more service. In 1900, one person in 25 was 65 years of age or older; in 1960 the proportion will be one in 10.

MANY NEVER SUSPECT CAUSE OF BACKACHES IF YOUR FENDERS LOOK LIKE THIS

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
