## THE YOUNGER SET

By MILDRED MEDFORD  
High School Senior

Tomorrow night is the BIG event for the girls that have been waiting to be in that troop. It will be special because the troop will be Laura May Bischoff, Viola May Bourne, Braxton Bourne, Dot Caldwell, Brown, Mary Jo Ray, and Ninky Prevost. The girls will now join the seniors depart after 8:00. There will be a dance for the troop this year. The girls are Joan Morris, Betty Brown, Bette Kienist, Nancy Floyd, and Frosty Leatherwood. Walter John Terrell, Charles Jones, Tommy Robinson, Perk Fugate, Bobby Owen, Stanmer, and Don Cogdill have been invited to be the special guests of the troop, but they will not have the opportunity of joining the troop.

you, Kathleen.)  
Finally, 5:30 rolled around and we had a wiener roast. Because of the bad weather it was held in the gym, but that didn't keep anyone from having another swell time while they were at Brenau. They all danced, played games, and of course, ate. After all the hot dogs were eaten, the girls in the physical education department gave an aquacade, using the theme of Sentimental Journey.  
Sunday morning no one was able to get up for breakfast, but most of them did make it to church, though. After church of course was lunch, and still the food remained good.  
Last of all the series of events was the Tea at the President's Home. That was one occasion that all the girls will long remember, because of the friendly ways of the President, and all of the faculty.  
All of the girls visiting stayed in different sorority houses and naturally thought the one that she stayed in was best. All of the girls from Waynesville will always remember the Phi Mu House as the best Sorority House on the Campus.  
The Little Symphony just can't be beat. Everyone enjoyed the concert Tuesday afternoon, given for just the students and, again, the one given that night, which was open to the public.  
We always look forward to these concerts and it seems that each time they come, they get just a lit-

## The Haywood High School Student of the Week

By MILDRED MEDFORD

When REA lines were first put into the Crabtree section, Paul Smart, then just a small boy, was fascinated by the mysteries of the unseen energies flowing on the copper wires, and ever since that day has been interested in electricity.

PAUL SMART

Today, Paul, a member of the 10th grade of the Crabtree-Iron Duff high school, is working towards the day when he will become an electrical engineer.  
He has two projects in his 4-H Club work, tobacco and beef cattle, and all the money he earns from both goes into the bank to apply on his college education. He hopes to enter Duke University when he graduates from high school. He has five white faced Herefords.  
Paul does not like farming, except for making enough money to get his electrical engineering training.  
His hobby is reading electrical journals, and working on anything that has to do with electricity, such as small motors. He does not care about work on radios.  
He has installed lights to his mother's chicken house, also made installations for washing machines and other appliances.  
Paul is an FFA Club committeeman, a member of the student council, and forward on the basket-

Sale Conducted By  
**PENNY BROTHERS**  
World's Original Twin Auctioneers of Charlotte, N. C.  
**SALE TAKES PLACE ON THE GROUNDS RAIN OR SHINE**

## Part Of The Sheriff Welch Land At Auction

We have secured a contract to sell the following lands: Every tract offered will be sold regardless of price. The last bidder will be the purchaser.

This farm consists of 2700 acres and has been sub-divided into farms and tracts of various sizes, known as a part of the Sheriff Welch land, with 1 1/2 mile of road frontage on highway U. S. 19A and 23.

This farm has every thing that a home seeker would desire, electric power, well watered, just rolling enough to be appreciated by a home seeker. Good grass, some of it well timbered, some tendable and pasturing. Nature has done quite a lot for this property—its natural surroundings and location makes it an ideal place to live and enjoy nature in its fulness. It is near the city and an ideal place to live and prolong life. We fully believe that this property should appeal to the most exacting. Drive out and look it over and meet us on the ground on Monday, March 13th. Music by our live wire band and Concert Singers.

We extend to you a cordial invitation to cancel all engagements and bring your wife, family, sweethearts, neighbors and friends to these Land Sales. If we do not know you, we want to get acquainted with you. Here you will see and hear the World's ORIGINAL TWIN AUCTIONEERS in action. The only TWO TWIN AUCTIONEERS in the world—We have sold in every state in the United States.

You will have an opportunity to hear our Live Wire Band and Concert Singers. You will receive an equal chance of ONE HUNDRED DOLLARS, and also, one pony, bride and saddle. All children accompanied by their parents will have an equal chance. Lunch will be served on the grounds. Truly a great outing for you and the family. Something you will never forget.

Looking forward to seeing you face to face.  
Yours respectfully,  
**Penny Brothers**
