

### Federation Stockholders Hold Annual Meeting Here

#### Heads State Drive

**KERR CRAIGE RAMSAY** of Salisbury, will serve as State Campaign Chairman for the 1950 Campaign in which the North Carolina Division of the American Cancer Society will seek to raise \$200,230 for the fight on cancer.

Stockholders of the Farmers Federation nominated F. A. Justice for re-election as a director of the organization for Haywood county for two years at the annual stockholders' meeting for Haywood county, held Saturday in the warehouse here.

James G. K. McClure, president of the federation, conducted the meeting and made a report on the year's activities of the organization. He stated that the Farmers Federation had never had a membership drive of any sort during its 30 years of existence, but that a drive was being conducted now to acquaint GI and other young farmers with the organization's work. In speaking of production on the farm, McClure stated that the mountain farms have little arable land, therefore each farmer must produce as much per unit as he possibly can. "More milk per cow, more eggs per chicken and more crop per acre is what we need," he stated.

In speaking of the markets for farm produce created by the federation, McClure stated that a few years ago, one truckload of chickens would swamp the market from one end of Western North Carolina to the other. Today, he added, the marketing department of the federation processes 1,000 chickens per hour and markets them.

The Farmers Federation, he stated, is now paying a total of \$12,000 per day to farmers of Western North Carolina for their produce.

Wayne Corpening, county agent for Haywood county, made a talk on pasture improvement, illustrated with colored slides showing the process involved for sowing Ladino clover and orchard grass in combination to produce better pastures at less cost. Governor Scott, it was explained, has inaugurated a pasture improvement program for the whole state and has named McClure on a steering committee to represent Western North Carolina.

During his speech, Corpening stated that Haywood county now has 83 Grade A dairies and that milk can be produced better and at less cost on this type of pasture. He stated, also, that Ladino-orchard grass combination pastures were good for grazing hogs and poultry.

In the absence of the Rev. Du-mont Clarke, head of the Religious department of the federation, McClure made a report on Lord's Acre activities during the year. He told the assembled farmers that Mr. Clarke was called into New York State to make a series of 17 talks throughout the state on Lord's Acre work in an effort to

### John Law Is 'The Law' In Oklahoma County

DEPUTY SHERIFF John Law at his desk.

AP Newsfeatures

OKLAHOMA CITY, Okla.—Many folks in these parts think he's kidding when John Law introduces himself.

He's the Oklahoma County deputy sheriff—with a name that fits his job, too, although he admits it can be embarrassing at times.

John Law's embarrassment began a few years back when he entered the University of Oklahoma to study law. Fellow students found diversion in much good natured ribbing of Law, the young lawyer.

His name later became a real problem when he quit private law practice in January, 1949, to take his post as deputy sheriff. Law works an eight-hour trick as a radio dispatcher. He answers the phone constantly with: "Sheriff's office, John Law speaking."

That's when the jokesters get in their licks, and it often takes plenty of explaining on Law's part to convince the incredulous.

"Sometimes I feel like using the name Jones or Smith," Law says.

acquaint the rural churches of the state with the movement. He stated, also, that the Methodist conference has announced that 16 sets of colored slides are being made on Lord's Acre work to be used throughout the United States.

Mrs. Lucy Medford, Route 2, was elected to serve on the Waynesville warehouse committee for one year, as was Glenn James, also of Route 2. Other committeemen for Waynesville, who were re-elected are: H. A. Osborne, Canton; Henry Francis, Glen Boyd, R. F. Davis, Dave Boyd, A. J. McCracken, W. K. Boone, Jim Harrell, Frank Leonard, Grover Hogan and R. W. Howell, all of Waynesville; Glen Palmer, C. S. Green, Orale Yates, F. A. Justice and Furman Noland, Clyde,

and W. A. Bradley, Hazelwood. All committeemen for the Canton warehouse were re-elected. They are: Miss Cora Moore, Frank Wells, Charlie Evans, Pete Higgins, W. F. Higgs, Mrs. H. G. Reno, O. B. Wilson, Virgil McClure, D. M. Clark, J. L. Westmoreland, Miss Florence Osborne, Dr. Roy Moore, Herschell Higgs, Fred Mann, K. O. Carswell, C. C. Burnett, Howard Jaynes and R. E. Sentelle, all of Canton; and Roy Haynes, Julian Smathers, and R. T. Smathers, Clyde.

H. A. Osborne was carried over as director for another year. Baby chicks were awarded to Sam Green, Clyde, Route 1; Metty Sutton, Maggie; P. F. Owen, Norton Messer and Homer Stevenson, all of Waynesville, Route 2. Music was furnished by the Federation string band and refreshments were served.

The experts say it is possible for a hen to lay two eggs in the same day, although she generally lays only one.

### Organization Of New Photo Club Completed

Members of the new county photographers' organization last Tuesday night adopted a constitution and by-laws and named the unit officially the Haywood Camera Club.

They elected Howard Clapp, director of the Mountain Test Farm, as their first president; Hugh Smathers of Clyde, vice-president; Joe Davis of Hazelwood, secretary-treasurer; Paul Martin of Waynesville, director for one year; Charles Reed of Waynesville, director for two years; and Frank Miller of Waynesville, forester for The Champion Paper and Fibre Company at Canton, director for three years.

They decided to hold their regular meetings on the first Tuesday of every month and set the membership fee at \$4 a year, payable in installments of \$1 per quarter.

During the session also, they decided that all the members should bring their equipment to the next meeting by way of estimating the group's technical assets.

They also discussed tentative proposals for photo tours and exhibits.

The Club, Clapp said, was organized fundamentally to promote better photography and create greater interest in the art.

At later meetings, the members will discuss photo technique, news photography, and generally improved methods for getting better pictures.

During the session, which was the second the club has held since it was organized a few weeks ago, Smathers showed color slides of mountain scenes.

#### Fox is Foxy

Sir Reynard, the unscrupulous little red fox, is really as foxy and cunning as the tales and fables claim he is. A captured fox will sometimes pretend to be dead. He will endure the roughest of punishment without showing any sign that he is alive but will run away as soon as he is free.
