## National Safety Award Given Enka Third Time

American Enka Corporation has won the National Safety Council's Distinguished Service to Safety Award for the third time according to a recent announcement by Ned H. Dearborn of Chicago, Council President.

The Award is presented for outstanding achievement in maintaining low injury frequency and injury severity rates and by sharply reducing the injury severity rate in comparison with the previous year.

Of the thirteen textile plants in the United States which have received the Award, only three, including Enka, have qualified for the Award three times or more. Enka becomes the second plant in this State to be accorded this honored distinction.

Mr. Dearborn also announced that American Enka now ranks third in the textile plants division in the entire United States for betterment of accident prevention, low injury frequency and injury severity.

In addition to this national recognition, word has been received from Forrest E. Shuford, State Commissioner of Labor, that for the third consecutive year Enka has qualified for the U. S. and N. C. Departments of Labor "Certificate of Safety Achievement."

## Operetta To Be Presented At Clyde School

An operetta, "Hansel and Gretel," will be presented at the Clyde school auditorium, Friday at 7:30 p.m., by students of the second and third grades.

The program, which is directed by Mrs. R. C. Cannon, teacher of the two grades, was presented in March and met with such success that a request was made for it to be repeated. The second performance is being given for the benefit of the school football campaign.

The cast included Van Metcalf as Hansel, Carol McClure as Gretel, Hoyt Hooper as a bear, Catherine Jenkins as the mother, Joe Haynes as the father, Amelia Robinson as the witch, and Ronnie Hall and Stanley Gaddis as sandmen.

As an added attraction for the evening the rhythm band, composed of 60 primary students, will make its first public appearance in new uniforms.
