

Fines Creek Club

By MRS. FRANCE ROGERS

The Fines Creek Home Demonstration Club has fifteen active members on their roll. The officers of the club are: president, Mrs. Francis Rogers; vice president, Mrs. Canley Rogers; secretary and treasurer, Mrs. Dee Clark.

The members of the club are always ready to help in any thing that helps the community and county. They take an active part in all community activities. When Haywood County started to raise funds to buy the bookmobile, home demonstration club members went to work to raise the quota assigned to Fines Creek. The members discussed ways and means. It was decided to have a box supper, with cake walks, pretty girl contest and all that goes along with a box supper. The teachers of the Fines Creek High School volunteered to help. The box supper was a great success with more money made than our quota for the bookmobile. In appreciation for the help our school teachers gave us, we turned the balance of the money over to the principal of the school to help buy supplies for the school.

When we see the enjoyment the people get from the use of the bookmobile we feel that our efforts were worth while.

When any of our members are sick we send flowers and sometimes a small gift. If there is a death in any of our club members family, we also send flowers as our token of sympathy.

The members have improved their homes, prepared more balanced meals for their families and received many other helps from the different leaders and the information leaflets they have received through club work.

Our home demonstration agent has helped the farm homemakers more than any other person in our county and to her we say, many thanks.

The first machine "for sticking pins into paper" was patented in 1841.

Baseball Who's Who

Chandler Helfer

Harridge Frick

Here are four men who have a considerable interest in Mutual's pioneering "Game of the Day" series of broadcasts of major league contests each Monday through Saturday and naturally so, for (top l. to r.) are A. B. Chandler, Baseball Commissioner, and Al Helfer, who'll do the play-by-play air descriptions and (bottom l. to r.) William Harridge, President, American League and Ford Frick, President, National League.

Crabtree Club

By MRS. C. O. NEWELL

The Crabtree Club was organized in the second year of Home Demonstration Club work in Haywood County. Mrs. Glenn Palmer was active in organizing the first club. The meeting which decided to organize was held in her home, but the club was actually organized at the Crabtree School building, with Mrs. Frank Williams as its first president.

The Crabtree Club has been active through all the years of Home Demonstration Club work. In the words of the Negro Spiritual, "Sometimes Up, Sometimes Down," but ever keeping the welfare of our homes and farm living at the forefront.

Crabtree has twenty-two members at the present, all eager, interested and actively participating in the club. We look forward with determination to make the goals of Home Demonstration Clubs a greater reality in the lives of our members and under the capable leadership of Mrs. Glenn Palmer, our president, and Mrs. F. L. Safford, vice president, we shall continue our club work with the hope of bringing inspiration, information and recreation to all homemakers in our community.

South Clyde Club

By MRS. WILEY SNYDER

In January of this year, 24 homemakers of South Clyde met at the home of Mrs. Maude Osborne and organized the South Clyde Home Demonstration Club. Mrs. P. C. Mann was chosen president; Mrs. Edwin Jackson, vice-president; and Mrs. Wiley Snyder, secretary and treasurer.

Since January our membership has increased to 30 members. All are eager and anxious to share in the activities of a Home Demonstration Club and to come together monthly to study some problem of mutual interest to all housewives and mothers.

As a group, we have been keenly interested in our Family Life program as outlined by Mrs. Corrine Grimley in our community meeting as well as for our Family Life Club leaders—teamwork being needed for progress and development whether it be in the home, the community or the nation.

We had 10 delegates to the District Federation meeting in Sylva and hope to have a delegate to Farm and Home Week in Raleigh.

Cecil Club

By MRS. THOS. ERWIN

The Cecil Home Demonstration Club was organized about 1937, and has been an active club ever since. Five of our present members were charter members who have been faithful to our club through the years. Some of our former members have passed away and others have moved to other communities.

We now have a membership of 18, and our earnest desire is to reach the many, many more home makers in the Cecil Community who could profit by being members of our club.

Our chief aim and major project for the year is to be of service to each other and to all within our community in need.

We do so much appreciate the fine Christian spirit and high ideals of our Home Agent, Miss Cornwell, and also Miss Childers. As a club we are looking forward with high hope in the future of home demonstration work in our county. If each home maker in Haywood knew and lived by our club collect, what a county we would have!

Our present officers are: president, Mrs. Thomas Erwin; vice-president, Mrs. Howard Reece; secretary and treasurer, Mrs. James Reeves.

Beaverdam Club

By MRS. PAUL ROBINSON

As we review the past fifteen years of our club's activities we can realize just what Home Demonstration work has meant to the homemakers of our Communities.

In February, 1935, at the home of Mrs. Mary Russell, women from Beaverdam, Thickety and Hominy Communities met with the Home Demonstration Agent, Miss Mary M. Smith and organized the club with our first officers being selected. Mrs. H. G. Reno, president; Mrs. Mary Russell, vice-president; Mrs. Paul Robinson, secretary and Mrs. S. B. McCracken, treasurer.

We had everything to learn, people, ways of doing things, and what our lessons are about. We know only that we were striving toward our goal "better home making".

The club had their first delegate to Farm and Home Week in Raleigh in 1936 and of the many delegates since then, four members of our club have graduated from these short courses.

Throughout the fourteen years of our club work, we feel that our studies in foods and nutrition have been most helpful in planning balanced meals, improving the health of our families, conserving foods, realizing the standards to reach in canning vegetables, and meats raised on the farm and how to store our food properly.

In 1940 our project was better wardrobe remodeling and dry-cleaning from a standpoint of health and economy year by year we have learned more about Fashion and today our families are better clothed.

An important part in our club work has been the kitchen improvement contest, two members of our club, Mrs. Crom E. Cole, and Mrs. Elmer Kuykendall, were among the first five winners in the county. Most of the kitchens were old-fashioned and they walked a half block to make an apple pie, while in the more efficient kitchen, walking less than the distance to the front door.

Over a period of years our homes have become more livable because of increased closet and storage space, better lighting, remodeled furniture and new furniture well selected and better decorating.

Poultry has been and continues to be of interest to a number of our members. Careful planning of our time, and time saving devices have helped individual members to have time for such hobbies as weaving, knitting, rug-making and aluminum handicraft work.

Of the twenty charter members of our club, seven are still active members, they are Mrs. Paul Robinson, Mrs. Tom Hipps, Mrs. Crom Cole, Mrs. Harley Wright, Mrs. Roy Robinson, Mrs. T. G. Murray (Aunt Rachel) and Mrs. W. M. Williams. Since January, 1950, twelve new members have joined our club and under the leadership of our new president Mrs. Ernest Jones and our new agent, Miss Mary Cornwell, we are still striving to be one of the most active clubs in Haywood County.

Saunook Club

By MRS. STEVE PLEMMONS

For several years there has been a general interest in Home Demonstration Club work in our area, however, no definite steps were taken toward organization until a few months ago. As interest grew in our Community Development program, our home makers became more aware of our need for a Home Demonstration club.

Our request for a club was recognized by the new Home Demonstration agent when she came to our county last summer, so Miss Mary Cornwell, our Home Demonstration Agent, met with a group of ladies of the Saunook Community in July, 1949, to explain the Home Demonstration Club program, and to discuss the possibilities of organizing her first new club in Haywood County. The group was very interested and met in August to form a club and elect officers.

Mrs. James R. McClure was elected president; Mrs. Charles Beck, vice-president; and Mrs. Steve Plemmons, secretary and treasurer. Our club of nine charter members soon realized the importance of Home Demonstration Club work, and of the valuable help the Extension Service has to offer homemakers. So now, Saunook is a strong growing club with twenty-four active members.

Our demonstration project leader reports, and various workshop experiences bring the latest information and suggestions right into our homes.

We are glad to be in the work and plan to do our best for our club and our community by completing this year one major project each, by participation in all the activities of the County Council and by participating 100% in our Reading Program whereby, we shall each profit for ourselves and our families.

EX-GOVERNOR'S WIDOW SUPPORTS SMITH

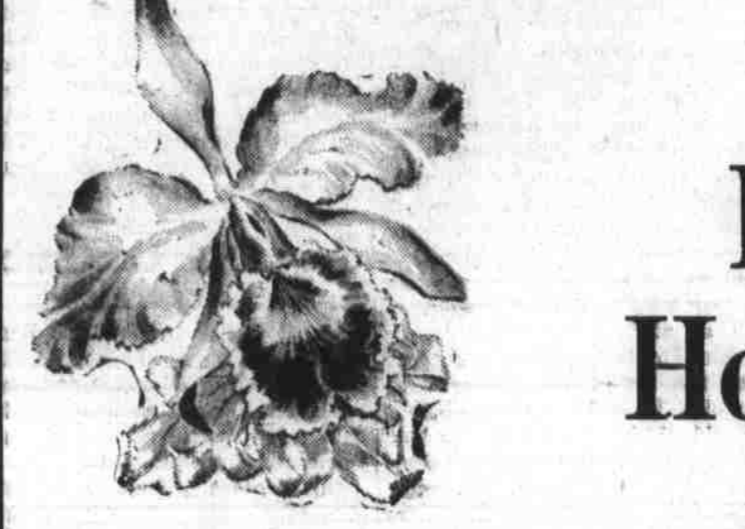

Mrs. W. W. Kitchin, widow of a former North Carolina governor, has announced her support of Willis Smith in his campaign for U. S. Senator. Governor Kitchin served in office from 1909 to 1913.

Maggie Club

By MRS. J. A. CAMPBELL

Increased Club membership, Home Beautification and Community growth have been the major objectives of the Maggie Home Demonstration Club during our 14 years of Club work. We were organized in 1936 with Mrs. Herbert Platt being elected our first president, Mrs. C. D. Ketter as our vice-president and Mrs. Eldridge Caldwell as secretary and treasurer.

At present our membership consists of 25 ladies actively engaged in the role of homemaking and endeavoring to work together as a group for the growth and development of the Maggie Community, under the leadership of Mrs. Herbert Platt, our present president.

Some of our major activities this year have included our membership campaign, home beautification projects, lamp conversion work shop with a realization of the value of good lighting in the home, textile painting workshop, Christmas party and our Reading program, aiming toward a better informed membership.

We have participated in all of our County activities and are joining forces with our neighboring club, Dellwood for observation of National Home Demonstration Week because we are ever conscious of this year's slogan—"Today's Home Builds Tomorrow's World".

Rogers Cove Club

By MRS. DAVID RILEY

The Rogers Cove Demonstration Club was organized in February, 1948 under the direction of Miss Margaret Smith, with Mrs. Guy Fulbright as our first president. At first our members were not very active, but since they have realized the values of Home Demonstration club work, we have increased our membership to twenty-two.

We have made much progress in our homes by learning new and better ways to redecorate and furnish our homes. Many other things such as: refinishing old furniture, turning old oil lamps into beautiful electric lamps, remodeling old clothes and giving them the new look, as well as learning to prepare many appetizing and nourishing dishes, have made us realize the value of our club.

We are all indebted to our agent, Miss Mary Cornwell for her interest and cooperation in teaching us these, money and time saving ways to beautify and decorate our homes and to appreciate the beauty of our native surroundings.

We extend a hearty welcome to all homemakers of Rogers Cove community to join our club, so they too may profit by the invaluable information and demonstrations given to us each month.

Our goal for 1950 is to exceed by far anything we have done in the past years. Officers of the club are: Mrs. David R. Riley, president; Mrs. Carey McCracken, vice-tary and treasurer.

Ratcliff Cove

By MRS. CARL

In recent months the Ratcliff Cove Demonstration Club has been aware of the economy of home making. This was indicated by the increase in the Club activities. Our club changed from day to night meetings a result many new members are enthusiastic over the opportunities of belonging to a Demonstration Club.

The Project Leaders are being better acquainted with particular projects. Demonstrations by our Home on lamp conversion, lamp shades, ideas for ing our homes for spring on dressmaking, are members more conscious they can do to improve the appearance and standards of with so little extra cost.

WHEN THE FAMILY CIRCLE is BROKEN. If you are the type of man who looks ahead, you realize there will be a period of readjustment when you are gone. Your family will be in need of immediate cash to pay accumulated bills and get a debt-free start—plus a definite income until they can arrange to carry on without the income you have been providing. The Jefferson Standard Readjustment Plan will give your family the necessary time to adjust itself to changed circumstances. The adjustment can be a gradual one—the severe shock of sudden change can be avoided. Ask for complete details today, at no cost to you. S. E. CONNATSER District Manager Main Street Waynesville.
