

THE YOUNGER SET

By MILDRED MEDFORD
High School Senior

Just around the corner from the students of Waynesville High School, you can tell that the younger set is walking through the halls, and you can see everyone reviewing their books. It is hard to believe that in a few more days the doors of the high school will close for the 1949-50, and until August 1st of September will be closed.

Students have been taking their last week, and will now be busy with their finals in English, Math, Physics, Bible, Trigonometry, etc.

Some of the remarks that are made aren't what you would expect to hear from the seniors. It seems as if they really haven't had all the book learning that they should have had, and that it's too late to learn it now and try to learn it here, hoping that in college they will gain all the book learning, along with everything else that is possible.

Paratroops Fill The Sky In Carolina Maneuvers

Troops of the 11th Airborne Division take to their parachutes for a mass drop in "Exercise Swarmer" at Camp Mackall. In left foreground is a 105mm howitzer which the troopers dropped with a parachute just before they jumped. The gun landed upside down. At right, a light tank is loaded about a C-124A Globemaster II at Maxton Field, in preparation for the maneuvers. The Air Force is using "Exercise Swarmer" to check on its contention that large armies can be supplied entirely by air. (AP Wirephotos).
