## AID FOR 'BACK NINE' FATIGUE

AP Newsfeatures  
NEW YORK—The closest thing to an automatic caddy is the knee action golf bag just out. A creation of Atlantic Products, the Tri-Par bag helps eliminate fatigue so common among golfers carrying their own clubs. When you remove the bag from your shoulder down come two aluminum legs automatically, enabling the bag to stand on the turf. The bags, like the one shown, come with separate compartments for 12 or 14 clubs. The material, made of nylon, can be had in royal blue, scarlet, green or tan.

## Wellco, Dayton Win As Softball Loop Season Opens

Wellco and Dayton won the inaugural games Monday night as the Waynesville-Hazewood Softball League's first season opened at the Waynesville High School field.

Wellco whipped the American Legion nine, 9-5, in the opening game, blasting out nine hits and committing only one error.

The Legion clubbed Craig for eight hits, but four miscues in the field hurt.

Dayton broke up a deadlocked ball game with an eight-run rally in the fifth to lick A. C. Lawrence, 11-8, in the nightcap.

Robinson and Matthews held the Tannery batters to five hits as Dayton's swatters collected ten off Scruggs.

In the first game, Dave Smith took the heavy hitting laurels, smacking two homers in his four appearances at bat.

Lonnie Bishop led the Legion offensive with a perfect record of three hits to show for three plate appearances.

In the second game, Buddy Robinson of Dayton and Furman Wyatt of A. C. Lawrence shared individual hitting honors, each connecting for three safeties in four times at bat.

Bobby Robinson of Dayton slammed the lone homer of the game, connecting with none on in the fourth.

## Fishing Law Has No Ladies Day

There's no Ladies' Night as far as the state fishing law is concerned.

County Fish and Game Protector C. W. Ormand issued this memorandum today.

"We picked up several ladies who were fishing without licenses," he explained.

"And apparently they were under the impression they didn't need them."

The law in its majestic democracy declares that women as well as men must obtain licenses before they are permitted to fish.

The law also says, Mr. Ormand added, that you can't make the day any longer as far as fishing for trout is concerned.

You can't start any earlier than an hour before sunrise, or quit any later than an hour after sunset.

Furthermore, using game fish and out bait is also a violation of the law.

## Canton VFW Wins 2nd Loop Game

The Canton VFW won its second straight Tri-City League contest Wednesday night at the Champion diamond.

The victim was Superior Cleaners of Asheville, who dropped their second loop contest, 3-2.

Each club got six hits in the battle concentrated all the scoring in two innings of the seven-inning route.

The VFW scored all its runs its first time at bat.

Asheville's big inning was the top of the fourth when Pitcher George Turbyfill slammed a homer with a mate aboard.

The contest between Fullam's and the Waynesville - Hazewood All-Stars scheduled as the nightcap was postponed.

## WTHS Closes With Loss To Bearcats

The Waynesville Mountaineers last Monday afternoon closed a disappointing baseball season on a rather sad note.

They dropped a 10-5 decision to Hendersonville at Hendersonville—the same team they had licked 19-0 two weeks before. This time their ace "southpaw," Jimmy Kuykendall, was out of action.

The results left the Mountaineers with a season's record of seven losses and three victories.

However, it was a young squad that launched the season last April. Only four starters will not return next year, and all are outfielders: Bob Davis, Charlie Womack, and Bob Owen, all of whom, incidentally also will be badly missed when the 1950 football wars are declared.

The Mountaineers could get only four hits off Blondie Whitmire, while the Bearcats clubbed Jenkins and Swift for 13 safeties.

Bill Sutton led the losers with a double and a single.

## Wildlife Group Outlines Proposed Hunting Rules

The North Carolina Wildlife Resources Commission will hold a series of public hearings late this month and next month on the dates for the new hunting season of 1950 and 1951.

The hearing for District 9, which includes Haywood County, will be held May 30 at Sylva.

Other hearings are scheduled for: Morganton May 31, Dobson June 1, Albemarle June 2, Graham June 5, Elizabethtown June 6, Rocky Mount June 7, New Bern June 8, Edenton June 9.

The final regulations for the next season will be set at a Commission meeting in Fayetteville on June 14.

The proposed season and bag limits:

Bear—October 16 to January 1 except in Avery, Caldwell, Clay, Graham, Macon, Mitchell, and Yancy counties; and the part of Burke and McDowell lying north of Highway 70, and the part of Cherokee County lying east of Highway 19. In those cases, bear would not be taken on November 20, 21, and 22, and December 4, 5, and 6.

In the part of Haywood County south of Highway 19-23, the season on bear would be closed between November 20 through December 9.

The bag limits on bear would be two a day, two in possession.

Deer—November 20 through December 9 in Buncombe, Haywood, Henderson, and Transylvania, except in the part of Buncombe southeast of Asheville and bounded off the north by Highway 70 and on the west by Highway 25; the part of Haywood north of Highway 19-23; and the part of Henderson east of Highway 25.

November 20 through November 22, and December 4 through December 6, in Avery, Burke, Cald-

## Practice Game Sought By Haywood Legion Club

The Haywood County American Legion Juniors are looking for a practice game to tune them up for the June 5 opening of the stiff state race.

Coach Jack Justice of Canton asks anybody with a team of boys 18 years old or slightly under to contact him. He's seeking a practice session for Saturday afternoon at the Canton High School diamond.

Justice said he tried earlier to book a contest with the Asheville High School Maroons, but schedule conflicts caused negotiations to fail.

Meanwhile, as the high school sports year closed this week, Justice planned to step up drills to a schedule calling for more frequent sessions.

The candidates have been devoting their workouts since mid-April to Saturday and Sunday afternoons.

Last Sunday, an inter-squad game narrowed the field down to 21 candidates, leaving just one to be cut before the final squad of 20 for the Area IV playoffs is formally registered with State American Legion headquarters.

Manager Bill Milner reported later that the contest indicated the Haywood Juniors have plenty of hitting power, though the pitching corps needs strengthening.

However, the hitting and pitching won't get a real test until the regular season opens.

Leading the pitchers is Southpaw Jimmy Kuykendall of Hazelwood, with Kenneth Jones, rising Bethel High School freshman, and Charlie Poindexter, Canton High School sophomore, rounding out

## 8,000 Fingerling Trout Put In Feeder Streams

Game officials this week finished the job of putting 8,000 fingerling rainbow and brown trout in Haywood County feeder streams.

Now they're getting ready to restock the county's fishing waters and streams throughout the county with large trout.

County Fish and Game Protector C. W. Ormand today reported the fingerlings were put in the feeder streams of the East Fork and the West Fork of the Pigeon, that those running into Jonathan Creek also is coming in on the program.

The stocking of the main streams with the larger fish is scheduled to get underway this week.

"We're planning to stock these streams again the first of July," Mr. Ormand added, "providing, of course, we get the supply of fish, and this appears probable."

At the same time, he reminded sportsmen that it is unlawful to seine for minnows in trout waters and the feeder streams of these waters.

It's also unlawful, he added, to seine for minnows anywhere for purpose of sale unless a special permit is obtained.

He said those interested may see him in regard to getting such permits.
