**Speaking For Animals**  
who cannot speak for themselves.

Little "No. 415843" who spoke for himself in this space a week ago is now cheerfully enjoying life again on his own premises having been redeemed from the pound.

This week, a small fellow describing himself as "what humans call a miniature shepherd, mostly white with light brown spots," is looking for a home. He is a male, two or three years old, friendly and very much wanting a home before next Monday, June 12, when, if he does not find one, it will be "curtains."

Also a brown female fice, no background but very friendly, about one year old would like a home. She is a bit thin at the moment, but with a good meal she would be a good dog, especially for children. And there is another shepherd dog available, male, gray with quite a bit of brown, small, about seven or eight months old.

If unclaimed, these dogs will be destroyed Monday, June 12. On June 5th, ten unwanted dogs were destroyed.

On Monday evening, June 12, at 8 p. m. the Haywood County SPCA will hold its regular meeting at the Davis-Liner Motor show room. All new and old members are urged to attend. There are interesting and serious matters to be brought to the attention of the membership for recommended action—some very serious matters, and an organization's recommendations are as strong and no stronger than the interest of members. Plans are also afoot to have present an interesting and informative speaker, but since an acceptance has not been received at this time the identity cannot be revealed. Watch this paper next Monday for further announcements—but all the animals who cannot speak for themselves urge members and friends of animals to PLEASE attend this meeting.

**Good Turnout At White Oak Community Meet**

By MRS. GEORGE BORING (Mountaineer Correspondent)

Approximately fifty members of the White Oak Community Development Program gathered together Saturday night for their regular meeting, and opened it in the usual manner with scriptures, prayer and group singing. Mr. France Teague read the scripture and Mr. Robert Fisher led in prayer and group singing.

A business meeting then ensued and further plans for the new community club house were discussed, with everyone anxious to get started. Letters regarding the bookmobile and music festival were read and discussed. It was also voted for the women to sponsor the "eats" at the auction sale on the Ned Clark farm June 20th. The money will be used to help swell our building fund.

An amusing debate was then held by Mr. and Mrs. George Boring, the subject of which was "Why Do Women Use Makeup?" Mr. Boring began by saying he had always wondered why women wore makeup and would take the negative side. Mrs. Boring proceeded to take out a huge mirror, rouge and lipstick, and began to dab it on thick and heavy, and then began the affirmative side by saying "Well, personally, I'm not in favor of going to extremes on anything, and certainly don't believe in using too much makeup." When the debate was finished, just about everyone had something to add.

Games were then enjoyed by all present, and refreshments of home made cake and cold drinks were served. The next meeting will be June 17th, and the women are asked to bring sandwiches.

**Miss Williams Graduates From Meredith College**

Frances Lorena Williams, Meredith graduate, the daughter of Frank R. Williams, Waynesville, was awarded her A.B. degree in Home Economics, and a North Carolina "A" grade certificate for teaching in the public schools.

Miss Williams has served this year as art editor for the student magazine, the ACORN, and as president of the Home Economics Club. She was one of six Meredith College seniors elected recently to membership in the American Home Economics Association. At the annual awards night held Saturday, June 3, she was awarded the Ida Potest art award as an outstanding Meredith College art student (although not an art major) for the high quality and rapid development of her unique style.

She has also been a member of the Alpha Rho Tau Art Club, Home Economics Club, Colton English Club, Little Theater, Sociology Club, and Philaretia Literary Society.

**Poultry Meeting To Be Held Friday Night**

The Poultry Commission of the Community Development Program is urging all people interested in the poultry business (especially hatching eggs) to be present for a meeting at the courthouse in Waynesville on Friday night, June 9th, at 8:00 o'clock. Arrangements have been made for representatives of hatcheries to be present, and others who are interested in the purchasing of hatching eggs and the promotion of more flocks for hatching egg purposes.

Also, there will be shown a movie on poultry, entitled "Building of a Nation".

Surgeons have found ice a successful local anesthetic for amputation cases.

Graham... Generally speaking, the radio stations did a much better job of staying in the middle than did the big daily papers, some of which hurt their influence and prestige with slanted news items.

Around half the counties have second primaries coming up... Wesley McDonald, Bob Reynolds' secretary and general handyman, was set to assist Smith with a second Primary, but the word is that Bob took off for Hot Springs on Monday following the Primary on Saturday... His local, radical, colorful, week-as-branch-water campaign was so out of character for Reynolds as North Carolinians know him... or knew him... that people around Raleigh are still saying, "What happened to Our Bob?"
