## It Takes Skill, Brain, Speed and Brawn

Two Cherokees playing Indian ball, demonstrate that it is no game for a weakling. The husky players make the game rougher than football, faster than basketball, and use the skill of a tennis player. It is a colorful game, that requires a quick eye on the part of spectator and player.

## Comments From Some Of Our Visitors

Mr. and Mrs. A. I. Rhoden of Jacksonville, Fla., guests at the Parkway Knoll says, "We have been coming to North Carolina and Tennessee for 24 years. Waynesville and Parkway Knoll suits us the most of any place we have ever seen."

E. W. Milsark and wife from Pensola, Florida, staying at the Shamrock Tourist Court says, "We think the views over 284 are not surpassed any place in America. They are gorgeous. We enjoyed our stay at the Shamrock Tourist Court and found the best food at the Patrick Cafeteria of any place on our trip."

Mrs. James Campbell, of Dayton, Tennessee, guest of the Shamrock Motor Court, says, "I think Waynesville is a nice scenic town and we had such a nice comfortable place to spend the night at the Shamrock Tourist Court. We visited Lake Junaluska and thought it was beautiful and very interesting."

## A&P Will Resist Any Unwarranted Price Increases

NEW YORK—The Great Atlantic & Pacific Tea Company, largest leading food distributor, moved against inflation by pledging to "resist all unwarranted price rises with all our might."

The pledge was contained in one of the rare public statements issued by John A. Hartford, chairman of the 91-year-old food chain, who said that A&P "will cooperate unhesitatingly with our national government in the present crisis."

"We will make every effort to hold our inventories at the lowest point consistent with good service to our customers," he said, "because hoarding, whether by wholesalers, retailers or consumers, will cause higher prices."

"We will continue to maintain the lowest profit rate generally prevailing in the entire retail industry. Our net profit now is less than one cent on each dollar of sales."

The current profit rate cited by Mr. Hartford was even lower than the profit of 1.15 per cent of consolidated net sales reported by the company for the fiscal year ended February 28, 1950.

## TEMPERANCE-MINDED DOG ON GUARD IN SKID ROW

CHICAGO (UP)—Bobby is a Skid Row watchdog. He is one of the few denizens of West Madison St. who doesn't drink, and he tries to keep his friends from imbibing too much, too.

Bobby, an eight-year-old mongrel, lives at the Ottawa Tap, one of the cleanest on the street. The place is patronized mostly by old age and railroad pensioners. If one of them drinks too much, Bobby nips his trouser cuff and tries to drag him to the door. If one of the thousands of derelicts who inhabit the "row" tries to enter, Bobby chases him away.

Alaska's Valley of 10,000 was discovered by Geographic Society expedition, 1916.

# A Pledge to the American People

by

## The Great Atlantic & Pacific Tea Company

We will resist all unwarranted price rises with all our might.

We will make every effort to hold our inventories at the lowest point consistent with good service to our customers, because hoarding, whether by wholesalers, retailers or consumers, will cause higher prices.

We will continue to maintain the lowest profit rate generally prevailing in the entire retail industry. Our net profit now is less than one cent on each dollar of sales.

We will continue to strive for more efficient distribution.

We will fight waste of food, or time, or money all along the line so as to narrow the spread between wholesale and retail prices.

We will devote all our energies to giving you the most good food for your money every day of the week.

We will strive always to do what is honest, fair, sincere and in the best interest of our country and our customers.

As most of you know, this company and the low cost, low profit policies that built it are under attack.

We are defending ourselves against a suit brought by the anti-trust lawyers to put A&P out of business.

But the greater conflict in which our country is now engaged takes precedence over all else.

Today, with our boys fighting in Korea, we believe that all citizens and all businesses, big and little, should devote themselves wholeheartedly to the public interest.

We promise the American people that we will cooperate unhesitatingly with our national government in the present crisis.

We promise you that we will continue to do everything in our power to put more buying power in your food dollar and more good food on your dinner table.

  
 John A. Hartford, Chairman
