#### Rainy Days Ahead.

In time of war and national emergencies, Americans always have supported their govment needs the money and they know that if safe, nothing they have in the world is safe.

S. Savings Bonds cashed in \$761,405,000 worth of bonds while they were buying only \$587, paid out \$174,058,000 more than it took in on new sales of "E" bonds.

The government can raise money for the launched in November and it is to be hoped us all for one free and federated world neigh- Indications are there will be Olive, close friend of Govern that this effort will reverse the present trend in which the government is cashing more "E" bonds than it is selling. But, of course, you don't have to wait until November to get back into the regular habit of buying "E" bonds instead of selling them.

#### **Canton Baptists Are Workers**

Yesterday marked the formal opening of the modern \$135,000 education building of the First Baptist church in Canton.

This is one of the several post-war projects for Haywood churches, and perhaps among the largest.

The building is a credit to the church, city and the people which it will serve. The structure reflects optimism among the members, and a determination to grow, even against the many obstacles which confront church organizations today.

The project speaks well for the liberal contributions of the 900 members, as more than \$100,000 has been raised and put into the building.

Such accomplishments reflect the hard work and sacrifice w sich have gone into the building, but then, work and sacrifice on such matters also means success.

### **A Fitting Farewell**

Senator Frank P. Graham last week made what is expected to be his last major speech in the Senate. It was a fitting farewell.

Senator Graham took the floor to speak against the McCarren internal security bill, which in the opinion of Senator Graham and many other Americans, would surrender basic liberties. In the course of his speech he called for wholehearted support of the war against dictatorship in Korea and closed with County Hospital. this bit of his personal philosophy:

#### Clyde Going After Fire Truck

We are happy to see that Clyde citizens, lead by the Lions Club, have renewed their efforts to get a fire truck. Sometime ago the citizens had the matter under consideration, and had a truck brought in for inspection.

When the people of Clyde get squarely behind a project they do not stop until they succeed. This is a commendable spirit, and we look for the fire truck matter to soon become a reality.
