

Fish Fooled By Lures - People, Too

A. L. Waite wades in a locust plague of his own making. The artificial grasshoppers (inset) with built-in hooks make fishing child's play, he says.

AP Newsfeatures

TULSA, Okla.—A grasshopper lure so lifelike that not only fish but people, too, bite at it is being marketed here.

Molded in green and brown latex, the handmade insects are the trickiest fraud yet pulled on our piscatorial friends.

"It's almost shameful," says merchandiser A. L. (Billy) Waite, "how fish bite at these things."

Waite knew he had something when his friends flicked at them while pinned in jest to his shirt collar or lapel.

An avid angler himself, the Tulsan stumbled on the lures while fishing near Windsor, Mo., where they are made in a small plant.

He immediately snapped up exclusive sales rights and is working out a mass production scheme to supply the nation.

"The secret of the thing," Waite points out, "is the technique of molding it with hollow insides, so it floats. On a fly line it sits on the water for all the world like a real 'hopper'."

Wives of fishermen, too, are interested. "They put clasps in the bugs and wear them for costume jewelry," Waite said.

Mrs. Yarborough To Be Hostess To Family Groups

The Liner, Maple, and Medford Reunion will be held Sunday, October 22 at the home of Mrs. A. L. Yarborough in the Rogers Cove near Lake Junaluska.

Relatives of the three families will meet from 10 a. m. until 5 p. m. and are asked to bring picnic dinner and also their song books and musical instruments for a day of entertainment and get together.

112 Attend Rocky Branch Church Study Course

An average of 112 persons attended the study course held last week by the Spring Hill Baptist Church.

Robert Clarke taught the adult classes on the theme, "The Growing Christian," and Mrs. George Henson taught the young people on "Deepening The Spiritual Life."

The intermediate classes studied the book "Growing In Bible Knowledge," under the supervision of George Henson, and Mrs. Way Mease taught the juniors for the study, "The Junior And His Church."

Awards were presented to 102 of those who attended.

If You're Pale As A Ghost!!

When your skin has a pallor (sallow complexion) with that faded-out look, or your nerves are jaded and you have that "all-in" feeling, it is usually due to one thing, that is:

BLOOD POVERTY

Your blood cells may be fagged-out or shrunken, and you might not realize it. Even if you eat the "best" foods you may not be getting all the good out of your meals simply because you have SLOW Digestion, without knowing it (or gassy stomach) and as a result you are a victim of Blood Poverty! In other words, your blood is not getting the fullest good out of what you eat. So your blood-cells become worn-down and you have only half as much energy as you really need, you get up in the mornings still tired, and your nerves become dull. Hundreds here in Waynesville suffered with "faded-out" blood and stomach gas until they got CERTA-VIN. This is the new medicine containing 12 Herbs blended with Vitamin B and Iron; you take it before meals and it works with your food. Benefit comes quickly. Your food digests FASTER, with less gasiness, and you get more good out of your meals. In a few days your blood is energized with new red cells and your nerves become stronger. Weak, rundown people tell us they soon feel different all over. And best of all, our price on CERTA-VIN is reasonable. You can actually take this New, modern medicine for only a Few Cents a Day! So don't go on feeling half-sick and half-well. Get Cert-Vin—Smith's Drug Store.

LIVE IN A SIEVE? WHO-NE?

Many folks don't realize that uninsulated walls and ceilings "leak" costly furnace heat "like a sieve".

You can quickly end this heat loss and the shivering discomfort that goes with it, too! Here's how:
