TELEPHONES IN ELEVATORS

NEW YORK — (AP) — Telephones for passengers are being installed in all elevators of the new Sutton Terrace luxury apartment project on New York's fashionable east side.

The phones are being hooked up to the house switchboard in the three structures that comprise the project. Convenience and safety are the purpose.

David Tishman, one of the builders, explains that a tenant who has forgotten to call the doorman, to order a taxi before leaving an apartment, will be able to call from the elevator and have a taxi waiting at the curb.

Dudley Moore, who has been receiving treatment at the Haywood County Hospital for several days, is doing nicely.

Impressive Tweed Coat

Gray and red check tweed.

By VERA WINSTON

THERE are plenty of uses for a coat of the type depicted here. Ideal for travel wear, a good choice for the country or for general wear in town, the coat is of imported tweed in a gray and red check. The fabric is reversed for the collar, adjustable cuffs and front panel. It has gentle shoulders, with the fullness of the coat flaring from underarm. Two curved, slit pockets are all but hidden in the voluminous folds.
