Boating Is a Favorite Sport On the Lake at Camp Daniel Boone

Camp Daniel Boone

Camp Daniel Boone on the 700 acre Boy Scout reservation is one of the finest Boy Scout camp sites in the country. It was the gift of Mr. R. Lee Ellis. Other gifts, both large and small, have added to the facilities.

It is located in the exact center of the Daniel Boone Council and is available to troops from every district. It is used for the regular summer camp and on week ends by troops under their own leadership throughout the year. It is being developed into a training center for leaders.

The Scouts need the lake. A nation wide study of scout camps shows that the things Scouts like most about camp are swimming and canoeing and rowing. For about 4 of our Scouts, Camp Daniel Boone is the only place they can get these things.

Membership Drive

The annual adult membership drive is on, and Haywood has a quota of \$3,330. Of this amount, Waynesville area has been assigned \$1,580, and the Canton area \$1,750.

This is an important phase of civic work, because money invested in boys always pays good dividends.

This work is far-reaching, and means a lot to the people of Haywood.

Always a popular spot is the mess hall at Camp Daniel Boone

Today's Boys Plus Scouting Training Equals Tomorrow's Citizens and Leaders.

Scout Camp An Asset

Scout camping is fun. But it's more than that. In the heart of the mountains, in the shadow of towering trees Scouts learn to live as participating citizens, as members of their patrol and their troop.

They practice the skills of the sturdy pioneers who made America strong. Eyes grow keen, minds alert and bodies strong. They learn to carry their share of the load. They play but they also work.

And a boy draws close to God in camp. Under the stars at night. Gazing over the vastness of mountain peaks—around the dying embers of the campfire with his buddies—in the chapel beneath the hemlocks.

Tomorrow these Scouts will be men

Scouts line up their canoes ready for a period of fun

Take Part---

You can help simplify the work of the adult leaders by lending a ready hand in this important work. Make a liberal contribution to a program that is devoted to making leaders out of our boys.

Scouting is a program that has proven itself time and time again to be worth far more than the cost, because it is a program of helping boys see and do the better and nobler things of life.
