Bridge For Sale

SANTA BARBARA, Calif.—(AP)—Wanna buy a bridge? The county supervisors have one up for sale. It's a 1200-foot steel span, built at a cost of \$174,992 in 1917, which crosses the Santa Ynez River north of here. It was made useless when the highway it served was rerouted.

The supervisors don't expect anyone to buy it for transportation to another site. They hope someone will be interested in salvaging the steel.

Amazing Discovery by Helena Rubinstein

Deep Cleanser removes the dirt which old-fashioned face creams left behind.
New "Deep Cleanser" penetrates deeper into pore openings!

Helena Rubinstein's revolutionary DEEP CLEANSER makes old-fashioned cleansing creams obsolete. It penetrates deeper into pore openings, removes the dirt and make-up which other creams left behind.

And this mild, quick-acting fluid contains super-emollients which counteract dryness.

Helps prevent surface blemishes. Ordinary creams don't destroy bacteria which commonly cause blemishes — they merely work some off the surface of your face. The bacteria left behind can easily enter pore openings and make your skin "break out."

Helena Rubinstein has incorporated a sensational new anti-septic in DEEP CLEANSER. Mild, pure R-51 penetrates deeper and destroys the bacteria.

Helena Rubinstein has included two remarkable cleansing agents in DEEP CLEANSER — "hydrophylic" to remove grime containing water, "lipoidphylic" for grime containing oil.

Result: DEEP CLEANSER penetrates deeper and floats away both kinds of grime. Your face is left immaculately clean — and germ-free.

Costs less than any other cleanser. One drop of DEEP CLEANSER goes so far, only 1/4

teaspoon will cleanse your whole face. The huge economy-size bottle contains 160 cleansings, yet costs only 1.50 (less per cleansing than ordinary creams!). Used every night this amazing cleanser costs less than a penny a day!

Deep Cleanser comes in a handy plastic squeeze bottle. Keeps contents at highest purity..... \$1.50
