WAYNESVILLE, N. C., THURSDAY AFTERNOON, JUNE 7, 1951 \$3.00 In Advance In Haywood and Jackson Counties

## TODAY'S SMILE

It takes two to make a marriage. A single girl and a nervous mother.

### Thousands Of Tobacco Plants Set After Recent Rains

This was a familiar scene in hundreds of tobacco fields in Haywood the first of the week, as farmers set thousands upon thousands of burley plants. Here Weaver Hippis, left, and Bud Liner, right, set out plants on their Hominy farm, as David Hippis, standing, does the marking. The farm is that of Herschel Hippis. (Staff Photo).

### West Re-Elected Judge Of Clyde Police Court

The entire slate of incumbent town officials was re-elected in the Clyde elections Tuesday. N. C. West, police judge, was the only candidate who had opposition. He defeated Boone F. Cagle.

Others re-elected were Mayor Gerald R. Fish and aldermen J. W. Morgan, C. C. Spencer and Bruce Sellers.

Mrs. C. E. Brown, Jr., was registered and Jack West and Mrs. Margaret Welch election judges.

### Piedmont Citizens Seek Information About Mountains

A substantial increase in the number of inquiries coming from the Piedmont section was reported this week by the Chamber of Commerce. Chamber officials are very much pleased with what they feel is the result of an enlarged program of advertising in that area.

At the same time, inquiries from all sections continue to arrive in quantity, with a number of prospective visitors asking the Chamber to arrange reservations for them.

The vanguard of tourists is beginning to arrive, to pick up reservations or make inquiry in person.

### No Meetings Held On School Needs

The status of the "school situation" remains the same, as the board of education has not held a meeting, nor met with the commissioners regarding proposals to work out a program for improving and expanding the school system.

The commissioners are working on the new budget for next year, but have not arrived at any figure pending the submission of estimated requirements from several agencies.

### Car Overtakes Sends Woman To Hospital

A car's overturning today on Highway 284 about a mile from the Waynesville City limits sent Mrs. A. D. Wilcox of Lake Junaluska to the Haywood County Hospital for examination. At the time the Mountaineer went to press the extent of her injuries, if any, had not been determined according to a hospital spokesman.

According to Sheriff Fred Y. Campbell, Mrs. Wilcox was a passenger in a car driven by Miss Stephanie Moore, also of Lake Junaluska. Miss Moore was apparently unharmed. The amount of damage to the car had not been determined at press time.

### 103 New Subscribers Added During The Week

During the past week, 103 new subscribers were added to the mailing list of The Mountaineer. The paid circulation of this newspaper is steadily increasing, and almost each issue finds a new high record.

To the 103 new subscribers, the publishers and staff say a hearty "welcome" and look forward in sending you the paper twice each week filled with news, pictures and features of this area.

### Large Group Eastern Visitors To Come June 14

Between 25 and 40 carloads of visitors from the Eastern and Piedmont sections of the state are due to visit Devil's Court House and the Beech Gap section next Thursday, with Carl Goerch, editor-publisher of The State in charge.

Mr. Goerch was so impressed with the trip several weeks ago, that he offered to lead all those who wanted to make the trip into the area when the rhododendron and laurel was in full bloom. According to the National Forest officials, this should be about the 15th of June.

Yesterday Mr. Goerch said he would climax the invitation on his week-end radio broadcasts. He is not making any charge for his services. The groups will gather at the George Vanderbilt on Wednesday evening for formal instructions from Mr. Goerch. He will tell them something of the area, and detailed plans for the trip. A highway patrolman will lead the party, together with a ranger into the forest area.

Tentative plans are to leave Asheville about 8:30 Thursday morning, and go straight to Beech Gap.

Sam Robinson, of Canton, is assisting Mr. Goerch in local arrangements, and seeing that officials are on hand to escort the party. It was Mr. Robinson who took Mr. Goerch to the area several weeks ago and got him interested in the view there.

About noon, the party will leave the Beech Gap area and return to Waynesville, where they will have lunch at the Towne House. The party will disband after the luncheon, with some remaining over, and others continuing their tours of this section.

According to B. F. Moonaw, assistant chief ranger of the Blue Ridge Parkway, the flowers should hit their peak about June 15th. The warden in the Sweperton area, Virgil Haney, is also assisting in helping to arrange the trip.

Mr. Goerch said that his present plans are to stage such a tour in the spring and fall. Most of those making the trip will be coming into this area for the first time.

The Chamber of Commerce is helping with the police in providing parking facilities, and a welcome to the community.

### Two Ball Players Leave Today For Major League Try

Jim Kuykendall and David Bristol leave today for Columbia, S. C., for tryouts with the Cincinnati Reds. Both starred last year in All-Region play and were named to the All-Region team. Kuykendall was a star moundsman this year for Waynesville High, Bristol, who half from Andrews, is a second baseman, and played for Baylor

Military Academy in Chattanooga.

Mr. and Mrs. Frank Moore returned Monday after a buying trip to Greensboro. Mr. Moore is owner-manager of Western Auto.

Miss Helen Ray, Miss Mary Ray, and Miss Frances Ray are expected to return today from a visit to Williamsburg, Va.

H. C. Turner, Joe Morrow, and Cyril Minnett, all students at the University of North Carolina, have arrived home for the summer.

The Richland Club of Waynesville received honorable mention in Dogwood Planting and Miss Louise Ballard was given second place for her presentation of a paper on Tuberous Begonias. Miss Ballard's paper has been placed in the State Garden Center at Raileigh.

The attorney for the Town of Hazelwood then goes on to cite the question of the water and sewer line from near Royle & Pilkington Company to Dayton Rubber Company. On this matter, he explains:

"This was a part of Hazelwood's water and sewer system. The right-of-way was in Hazelwood's name.

Hazelwood's money, as well as others,

was used in its construction.

Hazelwood had been administering and maintaining these lines for

eight or nine years. It had been a

profitable operation for Hazelwood.

Waynesville had never laid any

claim to this water and sewer line.

No one had ever questioned Hazelwood's title to this property."

The question arising over the

water and sewer rates and rights,

is covered in a paragraph by Mr.

Medford, which reads:

"The commonly accepted form of

the place name 'Cataloochee' is the

white man's pronunciation of the

Cherokee word 'Ga-da-lu-tsi.'

James Mooney says that the word

means 'standing up in a row or

series,' and that it apparently re-

fers to the timber growing in

streams along the side of the mount-

ain. It is my belief, instead, that

the word is descriptive of the sev-

eral ranges or ridges of mountains

rising one behind and beyond the

other in a row or series."

(See Hazelwood—Page 8)

### It's Wool Gathering Time In Haywood

Some sheep in Cecil township lost their winter coats at the wrong time, such as this one which is being shorn of about eight pounds of wool. Lee Jenkins, center, is doing the shearing, while his son, Gerald, right, and J. C. Inman, left, assist. The sheep averaged about 7 to 8 pounds of wool each.

### Hazelwood Board Asks Waynesville To 'Settle' Rentals On Sewer Lines

#### Hazelwood Officials, In Letter, Point Out Towns Owe Each Other "About Same"

#### Until July First

Hazelwood officials, through their attorney, William Medford, today notified the Town of Waynesville that "both towns owe each about the same amounts in the water-sewer controversy."

The letter of Mr. Medford, as authorized by the Hazelwood officials, is published in full, as a paid advertisement in this issue of The Mountaineer.

The letter is in answer to the Waynesville board in asking for settlement by June 15th of the delinquent water bill of about \$5,000.

Mr. Medford points out:

"You mention the extra water

rate on merchantile establishments

was reduced 10 cents per \$100,

and one cent on residential property.

With the installation of the additional hose, the rates would be lowered another ten cents on business and another cent on residential, making a total reduction of 20 cents on business and two cents for residential property.

The classification of the insurance rating of the town also changes from 9th to 8th class.

### Joe Sloan Gets Degree From USC

Joe Sloan was graduated from the University of South Carolina at Columbia Monday morning. He received the Bachelor of Science degree in mechanical engineering.

Prior to entering the University three years ago, Sloan had served as a lieutenant in the 88th Infantry Division of the Army during World War II. He participated in the Italian campaign.

He will assume a position with the new Dupont plant near Augusta next Monday morning. He and his wife and two small daughters are making their home in Augusta.

### York Rite Masons Set Convocation For Friday Night

Waynesville Chapter No. 69, Royal Arch Masons, will hold a Stated Convocation on Friday night at 8 o'clock. J. W. Howell, High Priest, will be in charge of the meeting and invite all Royal Arch Masons to attend.

### Highway Record For 1951 In Haywood (To Date)

#### Killed . . . . 0 Injured . . . . 21

(This information compiled from Records of State Highway Patrol.)

Cloudy and warm with scattered showers. Friday partly cloudy and warmer with scattered showers. Saturday partly cloudy and warmer with scattered showers. Sunday partly cloudy and warmer with scattered showers.
