Dear Mrs. Haywood County,

On this Tuesday, Wednesday, and Thursday afternoon and night I am going to conduct a series of demonstrations at the Champion Fibre Y. M. C. A. in Canton.

The afternoon session will start at 2:00 and the evening session at 7:00. Each of these sessions will be conducted by two Carolina Power & Light Company Home Service Representatives. They will demonstrate the best way to use your electric range, your home freezer, washing machine, ironer, clothes dryer and other appliances. They will have menus for various occasions, new recipes, and a host of short cuts and helpful suggestions to make electrical living better and more enjoyable.

Maybe they will demonstrate some appliances that you do not now have . . . and there will be on display many different kinds which you will want to know about before making a selection for your own home.

There will be prizes at every session and each session will be different — you will enjoy all of them. I will be looking for you.

Cordially yours,
