This one says You've Arrived

HERE pictured is an automobile that may well be the fulfilment of any man's dream of a fine motorcar. For you've a right to expect, when you pay a fine-car price, that your money will buy more distinction, more comfort, more performance than are to be found in vehicles of lesser worth. So mark well the things that a ROADMASTER offers. No other car on the American scene has a prouder bearing. No other automobile has more spacious dimensions, more luxurious comfort, or finer appointments.

No other car has a ride more serenely smooth on curve or straightaway, highway or byway. And no other car, at ROADMASTER'S price or above, has Dynaflo, and the supreme command of every traffic condition which it provides. So you, at the wheel of Buick's biggest and best, have a right to feel distinguished. But there's a joy of possession which goes deeper than visible things. There's the feel of a power plant as brilliantly eager as this great car's valve-in-head Fireball Engine—and the satisfying com-

panionship of a brawny traveler instantly responsive to your every wish. And there's one thing more, which only ROADMASTER can give you in such generous measure. That is the pride of a wise investment, based on the fact that this car stands alone in price per pound, among fine cars similarly equipped. So why not take that very important first step—and come in and see us soon?
