Union Setting Up Plans For Big Labor Day Event

Chairman C. C. Poinsett announced that plans are being set for Canton's 45th Labor Day and Fall Festival, scheduled for Sept. 1, 2 and 3. All committees have been selected and plans are being made for the celebration. The festival will include a parade, a picnic, a baseball game, and other activities. The festival is being sponsored by the Canton Moose Lodge under the direction of Glen Moore.

The Doll Show sponsored by the Girl Scouts will be held separate from the Pet Show this year and will be under the supervision of Mrs. Ruth Gragg.

The six Haywood County High Schools have already selected their entries in the "Miss Haywood County High School" Beauty Contest.

The Canton Memorial Recreation Park is a busy place this week. In addition to the daily program of swimming and play, a number of special events are being held during the week.

Sunday some members of the Asheville Archery Club gave a fine exhibition in the presence of a large and enthusiastic crowd. Those taking part in the exhibition were: M. L. Cable, Mrs. M. L. Cable, Miss Susan Cable (age 4 1/2 years), O. K. Smathers, Cecil Lassiter, Robert Shuford and Dave Shuford. O. K. Smathers led the target shooting with 422 out of a possible 488 points.

Lady Of The Lake

Methodists of nine southeastern states elected Miss Barbara Russell, Greenville, N. C., as their 1951 "Queen of Junaluska" at the church's summer assembly grounds, Lake Junaluska. The petite brunette, a Duke University sophomore, won over three other candidates. She is the daughter of the Rev. and Mrs. Leon Russell. The runner-up, Miss Betty Anne Robinson of Hickory, will serve as Maid of Honor at the coronation of the new queen August 18. The ceremony has been a traditional pageant at the assembly for over 30 years. (Grenell Photo).

MODEL LD-10 DE LUXE 1951 REFRIGERATOR

\$329⁹⁵

A de luxe General Electric Refrigerator — almost 11 cubic feet — and with 25% more food-storage space than older models occupying the same floor area.

But most important of all is the fact that you'll get excellent food preservation because of three new basic G-E design features:

1. Big, exposed refrigerating surface cools air fast.
2. Unrestricted air circulation means proper temperature from top to bottom, including vegetable drawers.
3. Dual-purpose control responds quickly to any change in temperature in either freezer or fresh-food section.
