

### Annual Meeting Of REA Co-op Set For August 25

#### Claimed By Death

William Randolph Hearst, the man who revolutionized journalism in America, died at the age of 88 Tuesday at his Beverly Hills home. His five sons will carry on his plans and ideals in the publishing field, they announced.

Fill a sponge cake ring with whipped flavored gelatin and fruit and garnish with whipped cream for a dessert.

The Haywood Electric Membership Corporation will hold its 12th annual meeting of members at the Armory in Waynesville, Saturday, August 25, co-op manager R. C. Sheffield announced today. He said a record turnout for the meeting, which is scheduled to start at 9:15 a.m., is expected.

Progress and financial reports and the election of eleven directors for the next twelve months will be on the next program in addition to a free lunch, a number of attendance prizes including an electric range, speaking, a beauty contest, and a community carnival of electric appliances.

Arrangements have been worked out with local dealers to hold an electrical appliance show to enable members to view the different makes and models of the latest equipment available. It's going to be a great day for everyone who comes, the manager promised.

"We're going to have a good time, but we're also going to transact some important business, including plans to take electric service to the remaining remote areas in the cooperative area as soon as possible," he said.

Mr. Sheffield pointed out that the cooperative now serves 4150 members along 800 miles of rural lines in Buncombe, Haywood, Jackson, Macon, Transylvania, and Rabun (Georgia) counties. An over-all rephasing program, including multiphasing the main lines, larger and

### Farm & Home Roundup To Be Held Next Week at WCTC

#### Announces Roundup

Mrs. Walter Pike, president of WCTC, has announced that the third annual Mountain Farm and Home Roundup will be held at Cullowhee next Monday and Tuesday.

#### D. S. Swayngim Now Training At Keesler Air Base

Lt. Donald S. Swayngim, son of Mr. and Mrs. W. F. Swayngim, Route 2, Clyde, recently reported to Keesler Air Force Base to begin training in the Electronics Fundamentals Course, an integral part of the "Electronics Training Center of the World" located only a few hundred feet north of the Gulf of Mexico, at Biloxi, Miss.

The training Lt. Swayngim receives in this school will extend over approximately a 22 week period. When graduated he will be assigned to field duty or to another school for advanced training.

#### The Flying Squirrel

The flying squirrel does not actually fly. It has a membrane or skin between the front and hind legs, with the aid of which it can glide through the air for considerable distances.

Improved voltage regulation and switching stations designed to meet the increasing demands of the present members and new members to be connected during the next several years, has just been completed.

The cooperative recently purchased a site near the Drive-In Theatre in East Waynesville for a new headquarters building. Plans for this building, designed to meet the present and future needs of the cooperative, were completed by the architect last fall; however, the board of directors decided to forego construction until a more favorable time. Plans have also been worked out to install two-way radio equipment in the main headquarters and all trucks of the cooperative. This equipment when installed will permit the co-op personnel to render better service at all times and at the same time cut down transportation expenses. An application for the installation of this equipment is now pending before the Federal Communications Commission.

The Cooperative has been allocated \$2,041,000.00 from the Federal Government. To date \$1,430,663.00 of these funds have been advanced for the construction of the distribution system leaving a balance available in the amount of \$610,337.00 for additional planned work including the headquarters building. The cooperative has repaid to the Federal Government on principal and interest \$195,091.00 to date, including \$65,225.00 in the form of advance payments.

The third annual Mountain Farm and Home Roundup will be held at Western Carolina Teachers College on August 21 and 22, Mrs. Walter Pike, president, has announced.

Farm people from throughout Western North Carolina will attend the meetings conducted by nationally-known authorities on farming and home-making methods.

Garland Hendricks, chaplain of the North Carolina State Grange, will present the main address at the opening session Tuesday morning in Hoey Auditorium.

In the evening assembly, Mrs. George Apperson, president of the County Women's Council of the U.S.A., will speak.

The Wednesday morning program will open with an address by John C. McAmis, specialist in tributary watersheds with the Tennessee Valley Authority. His topic will be "How People Work Together to Improve Their Community."

President Paul A. Reid, A. L. Teachey, state supervisor of vocational agricultural education, and E. E. McBride, chairman of the Henderson County Board of Commissioners will appear on the opening session program.

Each morning classes on dairying, forestry, poultry and other farm subjects will be conducted by experts from the North Carolina State College extension departments: S. H. Dobson, G. F. Parrish, R. R. Bennett, Jack Kelly, J. A. Arey, J. F. Brown, F. R. Farnham, John Ford and F. E. Whitfield.

A tour, sponsored by the Jackson County USDA Council, will take the farmers to farms near Cullowhee Tuesday afternoon. Poultry, pastures, tobacco, dairying and livestock will be included in the trips.

The Thursday afternoon program will feature demonstrations in such fields as sheep shearing, tobacco curing, rural electrification, and first aid on the farm.

Miss Geneva Fisher, former head of Home Economics at Iowa State College, will address the women Tuesday morning on "Weaving—Today and Yesterday."

During the afternoon Edward G. Parkinson of Morrisons Inc. of Asheville will speak on Interior Decoration. An informal tea honoring Mrs. Apperson will be given in the parlors of Moore Dormitory.

An arts and crafts program for the women is planned for Wednesday afternoon.

Musical entertainment during the two days will be provided by the Henderson County Choral Group, a college group, and a Veterans Quartette of the Veterans Farm Training Program.

Election of officers for the coming year will be held at a business meeting at 10:45 Wednesday morning.

The Mountain Farm and Home Roundup is sponsored by WCTC, the State Department of Public Instruction and the North Carolina State College Agricultural Extension Service.

#### FOOD SALE

A food sale will be held Friday, August 17, in the basement of the Plains Methodist Church, beginning at 7 o'clock. The sale will feature homemade ice cream, cakes, pies, lemonade, coffee, potato salad and barbecue. It is sponsored by the women of the Plains Church.

#### Need Special Finish

Because the power tubes in television sets cause wide changes in the temperature of wood, cabinet manufacturers were faced with special problems. Ordinary cabinet finishes checked and cracked. Special television lacquers and sealers that are extremely tough and flexible have been developed. They are now used on both light and dark woods and are also employed on any furniture where the highest durability and quality of finish is desired.

### Hominy Meets

MRS. LLOYD R. JONES  
Mountaineer Reporter

A large crowd is looked for at the Hominy Community Development meeting Monday night, August 20, when plans will be made for entertaining Jonathan Creek and Cove Creek the following Friday. The meeting will be held at the old Harmony Grove Church. Every one is urged to attend Monday's meeting, as committees will be appointed to arrange to give the visiting communities a good time. This meeting will take the place of the one originally scheduled for August 27.

### Big Program Planned At Canton Festival

C. C. Poindexter, general chairman, has announced the program of Canton's 45th annual Labor Day and Fall Festival Celebration. Activities, however, are not waiting for Labor Day.

Window displays will be shown all week preceding the main events. Swimming will be enjoyed at Memorial Recreation Park. On August 24, a pet and doll show will occur at the football stadium and at the armory; on August 26, a model airplane circus will be the highlight at the baseball field.

On Wednesday, August 29, there will be a Central Methodist picnic at Camp Hoey, and, on the same day, a Wesleyan Methodist picnic

at the Recreation Park. Thursday will see a bicycle rodeo at the baseball field, and on Friday it will be a baby show at the football stadium, followed, that evening, by a square dance at the Armory.

All kinds of contests will get underway on Saturday, Sept. 1. Checkers, archery, horseshoes, marbles, softball, beauty, etc., all of which will be climaxed at 9 p. m. by a Coronation Ball in the armory. Sunday will be largely given over to religious services. At 3:30 a Union Colored program will be held at the football stadium, and 8 p. m. Senator Hoey will speak at a Union White program, also in the

football stadium. The big day is, of course, Monday, September 3, when a parade will begin at 10 a. m. and will conclude at 11:30 a variety program, a horseshoe tournament, quartet and group singing will be featured. String bands will be held at 4:30. Various contests such as hog and mail driving will occur at 6, another string band and at 7, a square dance will take place. The parade at 10 p. m. when a Duke will be given away by the Legion. Other points of interest are facts that prizes will be all contests, and that eligible to enter the they register in advance.
