Letters to Editor

Lake Junaluska. To the Mountaineer: As a summer resident and taxpayer of Haywood County, I would like to express my appreciation for the excellent library services we enjoyed here this summer.

Not only have the elders of our family enjoyed the fine selection of books available from the local library, but our granddaughter, age 7, who has just finished the first grade in school, has read 98 books this summer to entertain and train her young mind.

Your library is the best I have seen for a city the size of Waynesville. Your library staff is most friendly and helpful. Waynesville and Haywood County are to be congratulated on having a most excellent public library and staff.

It is evidence of appreciation on the part of her citizens of the finer things that make life richer and better.

W. P. Gearing.
