Campus Fashions in the Bag By DOROTHY ROE Associated Press Fashion Edito:

The right handbag has become as much a part of the college wardrobe as the right sweater and skirt.

This year designers have turned out a dazzling array of styles planned to complement campus clothes, in handsome leathers and fabrics, priced within the school girl's budget.

Corduroys, yarn-dyed flannels and velveteens are used in the new handbags, in addition to the usual leathers.

The shoulder bag, in stitched calf with big insignia, is still a favorite with campus belles. But even newer are the briefcase styles in wool or leather, small satchels in wool plaids with leather trim, flat envelopes in corduroy and leather combinations, and feedbag pouches in soft reverse calf with polished calf trim.

HANDBAGS GO TO COLLEGE ... This pretty coed is trying to make up her mind which handbag to choose from the new fall crop. She's admiring the checked wool satchel, which unsnaps to reveal a handsome pigskin bag. On her shoulder is a feedbag pouch in green reversed calf with russet leather trim. The plaid satchel on the chair is new, as are the small corduroy envelope and the outsize briefcase in oxford gray flannel.

Libby Aldrich can swim on the Hawaiian Kaikiki Beach one day and ski in the mountains near Seattle the next. She won the title of Miss Washington as a beauty queen a couple of years ago. Now she is stewardess on Pan American flights across the Pacific. She also sometimes makes flights to Alaska where there is skiing all year. And she loves to ski and swim. Between her trip to Atlantic City as beauty queen and the stewardess job was a year of college on the scholarship her beauty title won her, Judges in the Miss Washington contest were impressed by her singing-also by her figures. They are: Height five feet six inches, weight 122, hips 34, waist 25, bust 35. She agrees she has the kind of career that girls dream about, but she tells her friends she has a real job. It isn't all fun. It involves staying up all night while passengers sleep. It means being combination hostess, maitre d'hotel, nurse, waitress and keeping a smile no matter how tired you get,
