

Waynesville 90-Piece Band In 3 Events 3rd

Waynesville's 90-piece band has a full schedule for Monday, with three major public appearances.

Starting at ten o'clock the band will participate in the annual Labor Day Parade in Canton. After that event, the musicians will board their buses for Hendersonville, where they will play in the Apple Harvest Festival there at two o'clock.

The band will be guests of Hendersonville for supper and participate at half-time that night at the football game. The band will have a prominent part at the half-time, in escorting either Governor Scott or the Festival queen to the grandstand.

The 1951 edition of the band is the largest ever had here, and one of the largest in the state.

The band will be under the direction of Charles Isley and Robert A. Campbell.

Morning Star Methodist Church Has Long History

Founded around 1828 by a wandering preacher from Virginia, the Morning Star Church was first a Lutheran and later became a Methodist Church in accord with the instructions of its founder to join the Methodists if no Lutheran Leader was provided. The 67th annual Old Folks Day will be observed on September 9th. (Staff Photo)

MORE ABOUT Wellco

dent, and Jonathan Woody making the talks. Special recognition will be given the 5, 9 and 10-year groups of employees.

At the program the two "Wellco Employees of the Year" will be announced. All this week employees have been voting by secret ballot for the "employee of the year" in each of the two plants. The winners will receive \$75 as a cash prize, it was announced.

During the noon hour a picnic dinner will be served.

The afternoon will be devoted to a diversified recreational program for the employees and their families.

Wellco began operations ten years ago on a meager scale, operating a few machines in what is now the band building of the high school. About September first they moved to their quarters in the new Dayton Rubber plant. Several years ago the business expanded and the firm opened plant Number Two, in what was formerly the Ekraft Novelty Plant. Early this year the firm leased the building of Underwood Novelty company here as a storage plant.

had decided to give himself up. After hiding the rifle he was approaching the sheriff's office when picked up by Chief of Police Noland. The rifle, containing 11 rounds of ammunition, was later found in the back yard of another Negro to whom Gillions had gone for transportation to town.

Gillions is being held in jail on an open charge pending the outcome of Mr. Frady's operation which took place yesterday.

Commissioners To Meet On Tuesday

The Board of Commissioners will hold their regular first Monday meeting on Tuesday, Sept. 4, because of the Labor Day holiday. It was announced today by C. C. Francis, chairman.

members in Virginia. A reservation was added, however, requiring the approval of the State Board before the Virginia Co-op could serve anyone in North Carolina.

Walter Fuller then gave a report on the progress of rural telephone development. He pointed out that while no group has yet reached the stage of formal organization or application for funds, a state-wide movement is underway. Many proposed projects have hundreds signed, he said, and formal application is only a short way off.

In preparation for a report by the County Agent's office on the C.D.P. in Haywood County, which was scheduled for lunch, Mr. Price discussed briefly the agricultural picture in the state. "Three things," he pointed out, "which cannot be repeated, have happened to the farmer in the past ten years.

"One of these," said Mr. Price, "is hybrid corn. The other two are soybeans and the replacing of some 20,000,000 horses and mules by trucks, tractors, and electric motors." He continued by saying, "Our state has the largest rural population in the nation. As a result the rural electrification program has been of tremendous value. It has remade the lives of two-thirds of our people."

At the conclusion of the morning session the group removed themselves to the Waynesville for lunch. At 2:30 they left for Bryson City after a brief tour of Lake Junaluska and a stop at the famous Cross.

Tuesday night they planned to attend the drama at Cherokee, "Unto These Hills," and Wednesday a trip to Fontana Dam and other electric projects in the area was scheduled.

Dress the Part

Whether you're a doctor, lawyer, fireman, or Indian chief, people are daily being influenced by your clothes. If you look your role—if you look successful—it automatically inspires confidence in the other fellow. Every day your clothes are either selling you—or selling you down the river.

About two-thirds of the human body is made up of water.

MORE ABOUT Road Projects

(Continued from page 1)

trict but what could use some work."

The commissioner asked that the people look at the projects on a county-wide basis, and not a local, or selfish proposition.

"I believe we are going to have the finest road system in the nation when we finish this program of rural paving. Right now we are going slow in announcing projects, because we do not want to announce more projects than we can get paved. We are having to watch the amount of money being spent, and thus far, we feel we have gotten value received for each dollar spent."

"The record is open to the public, and everything is recorded—we have no secret roads. I am for the roads that will be of greatest benefit to the public."

In discussing a paving project at Mt. Sterling, Mr. Thrash said: North Carolina will meet Tennessee at the state line with any paved road anywhere and at any time."

The commissioner urged the group to "be patient, we are trying to get over the entire county as soon as possible."

The projects approved this morning, are expected to be ready for paving early in the spring of 1952, are as follows: (The width is in the brackets):

White Oak road (16) 1 mile, from mouth of Fines Creek to intersection of White Oak.

White Oak road (12) from intersection of Cove Creek toward White Oak community.

Waterville Road (12) 1 mile, from Mt. Sterling to the Tennessee line.

Burnett Cove (12) .7 mile, off U. S. No. 276.

Dix Creek road (12) .4 mile from No. U. S. 276.

Little East Fork (12) 2 miles, to church.

Cross Road (16) .4 mile from Thickety to Smathers Hill.

Central Patton and Ellen Streets (16) .4 mile from U. S. 19 to Street.

Dewey Street (Green Hills) (16) .33 mile, from U. S. 19 to Main Street.

Holtzclaw (12) .9 mile from N. C. 110.

Reynolds School road (16) .2 mile from Holtzclaw to colored school.

Pisgah Creek road (12) 1.3 miles from U. S. No. 276 to Chingapin.

Stamey Cove (12) .5 mile from river road to church.

Jones Cove Road (12) .7 mile to cross road.

Sunnyside road (16) .9 mile from East Street to Raccoon Street.

These projects total 11.7 miles.

The projects previously approved, and ready for paving, with some

MORE ABOUT Labor Day

(Continued from Page 1)

Winners in the Doll Show: Margaret Teague, Nancy Smathers, Linda Sheppard, Lynn Goodson.

Classifications, Trudy Davis, Carol Newman, Lynn Goodson, Linda Kay Ford, Keitha Hampton, Judith Wilson, Linda Sheppard, Julia Ann Wilson, Nancy Smathers, Margaret Teague, Woody Westmoreland, Jeaneal Sutton.

All kinds of contests will get underway on Saturday, Sept. 1. Checkers, archery, horseshoes, marbles, softball, beauty, etc., all of which will be climaxed at 9 p.m. by a Coronation Ball in the armory.

Sunday will be largely given over to religious services. At 3:30 a Union Colored program will be held at the football stadium, and 8 p.m. Senator Hoey will speak at a Union White program, also in the football stadium.

The big day is, of course, Labor Day, Monday, September 3rd. At 10 a.m. a parade; at 11 judging will begin on window displays; at 1:30 a variety program; at 2 p.m. a horseshoe tournament; at 4 p.m. quartet and group singing will be featured.

String bands will be heard at 3 p.m., and another variety program held at 4:30. Various stunts and contests such as hog calling and nail driving will occur at 5 p.m.

At 6, another string band contest, and at 7, a square dance contest will take place. The program ends at 10 p.m. when a Dodge car will be given away by the American Legion.

Other points of interest are the facts that prizes will be awarded in all contests, and that anyone is eligible to enter the contests if they register in advance.

already under contract, include: Henson Cove (12) 2.4 miles, Ninevah (16) 1.7 miles, McClure (12) .8 mile, Coleman Mountain (16) 3 miles, Iron Duff (12) 2.9 miles, Old Crabtree (16) 1.9 miles, Thompson Cove (12) 1.2 miles, Thickety (16) 4.7 miles, Worley Cove (16) .6 mile, Hemphill (16) 2.5 miles, Hemphill (12) 1 mile, Clyde loop (16) 3.5 miles, Ratcliffe Cove (16) 1.2 miles, Mooney Cove (12) 1.5 miles, Riverside (12) 2.2 miles, Burnett Cove (12) 1 mile. A total of 32.1 miles.

Mr. Thrash pointed out that the 4-lane highway from Canton to Lake Junaluska would play an important part in letting of projects in that area.

Million Cubic Yards Of Dirt To Be Moved Nearby

Engineers for the State Highway Commission have revealed that a lot of dirt, 1,170,000 cubic yards to be exact, will be moved on 6.56 miles of roadway between Waynesville and Canton.

Even larger amounts must be moved down the Blue Ridge between Old Fort and Ridgeway. The 2,822,000 cubic yards to be moved there represents the largest such project that the state has ever asked for bids upon.

Highway Chairman Henry W. Jordan reported that road construction is progressing fairly well on schedule. Sixteen bond projects were let for bid on Tuesday. Contractors are already working on 345 bridge and paving projects in the state, he pointed out, and that does not include the work being done by Commission forces.

Canton Schools To Open Tuesday

About 2700 Canton students will begin their school work Tuesday, it was learned today from A. J. Hutchins, superintendent of the Canton Schools.

Between 140 and 150 of these will be enrolled in the colored school. Mr. Hutchins said he did not believe any consolidation of the colored elementary schools of Waynesville and Canton would be made.

Utica, widely known for its textile industries which began with the establishment of woolen mills in 1847, is one of the leading centers of the country for the manufacture of knit goods and cotton cloth, reports the New York state department of commerce.

Small diamonds have been found in meteorites.

Health Dept. To Close Sept. 12th For Three Days

The Waynesville and Canton offices of the Health Department will close at noon Wednesday, Sept. 12th and remain closed until the following Monday.

Closing of the offices is necessary if the staff is to attend the 40th annual meeting of the Public Health Association which is to be held in Winston-Salem.

Nickel in Farm Equipment

So-called low alloy high strength rolled steels containing nickel are now finding applications in farm equipment including mechanical corn pickers, combines and loaders, as well as being of considerable value in the construction of transportation equipment.

Loving, Field, Weed, Mountain, Stetson, Sunset and Lonesome are towns and New Mexico.
