The Korean Border

AP Newsfeatures
 The long border between North Korea on one side and the U.S.S.R. and Manchuria on the other side may form one of the crucial problems of the future for the United Nations forces. The Allies were briefly on the Yalu river section of the border after a previous offensive. But the lower reaches of the Tumen river and the Russian border near Vladivostok may be a bigger problem.

PIE PROBLEMS
 When fruit is especially juicy and the juice leaks out during pie baking, try building a high, fluted wall around the pie shell—it helps to hold bubbling juice within bounds. Cutting large enough slits in the top crust, if there is one, is important. These slits allow steam to escape, so that it will not occupy space the juice requires.

CHICKEN SCRAPPLE

Scrapple, popular example of Pennsylvania Dutch cookery, can be made with delicious chicken flavor just as well as with pork. Chicken scrapple is a thrifty main dish, as well as a good one, say food and nutrition specialists of the State College Extension Service. Combining chicken and broth with corn meal in just-right proportions provides a sizable number of servings.

Here is the recipe developed at the Bureau of Human Nutrition and Home Economics:

Chicken Scrapple: Ingredients for 8 servings—3½ cups chicken broth; 1 tablespoon all-purpose flour; 1 cup corn meal; ½ teaspoon salt or 1 teaspoon if the broth has not been salted; ¼ teaspoon poultry seasoning; 2 cups ground or chopped cooked chicken.

To make: Heat half the broth in a double boiler. Blend flour, corn meal, salt, and poultry seasoning; mix with the remaining cold broth. Slowly stir the corn meal mixture into the hot broth. Cook, stirring until the mixture thickens. Cook for 30 minutes or longer. Stir in the chicken. Pour into a well-greased loaf pan. Cool quickly and refrigerate. When firm, cut in slices. Roll slices in flour and fry in a little hot fat until brown. Serve with chicken gravy.

Beaten By Robber

METROPOLITAN Opera Company star Genevieve Warner is recovering in an Edinburgh, Scotland, hospital from effects of a brutal beating by an assailant. The 25-year-old American singer was attacked and robbed on the street near her hotel. She is one of the principals in the "Don Giovanni" presentation at the music festival. (International)

Duke University Man Says Rice Is Good For Diabetes

DURHAM — (AP) — Dr. Walter Kempner of Duke University,

founder of the famed rice diet treatment for high blood pressure, told physicians here that the diet also helps sufferers who have diabetes.

Dr. Kempner said he studied 50 patients who had diabetes in combination with hypertension and

kidney disease and found that: "The rice diet is not only well tolerated by these patients, but in a significant number of patients it lowers the blood sugar level and the insulin requirements." The Duke doctor addressed physicians here, under the auspices of the

American Hospital. Dr. Kempner began treating high blood pressure with the rice diet 10 years ago. Last Spring he reported that more than 1,200 of 1,800 patients have received "marked benefit."
