## Daily Bread

By Rev. A. Purnell Bailey

It is more blessed to give than to receive!

Our greatest happiness comes from what we give, not what we receive. It is more blessed to teach than to listen. It is more blessed to share than to be shared with. For life has a way of shaping us according to what we give. If we seek happiness through what we can take in, we soon reach the ex-

A young American girl who had thoroughly enjoyed her stay in Venice was checking out of a hotel there. As she paid her bill, she remarked to the man at the desk, "I wish I could stay on here forever, enjoying this wonder city.

He smiled indulgently, and replied, "You would get tired of it. It is more blessed to give than to receive!

## Highway No. 107 An Important Link

Next Wednesday will be another important road date in Western North Carolina. It will mark the opening of Highway No. 107 from South Carolina into Jackson county, thus affording another important link in the inter-Carolina road system.

Last Wednesday marked the opening of the 4-mile paved link of the Parkway at Soco Gap, and this Wednesday the connecting road to upper South Carolina.

Highway No. 107 is an important road to both states, as it will enable travelers from upper South Carolina to get into the Smoky region and save several hours traveling time over prior routes.

## Less Bottle Bumping

Bless his heart, some man with a deep feeling for mankind has invented a ketchup dispenser that pumps just the right amount the user wants, and right at the desired spot. No longer will it be necessary to pound the bottom of the bottle with the palm of the hand to get the stubborn red goo to make its exit.

On the other hand, will ketchup makers be happy over the new invention - - - or will it mean more of their product will be used because of ease of handling?

## More Paving, A Good Investment

Our town officials are pushing another street paving program, which is planned to extend over 21/2 miles of streets. The program is a continuation of the one started several years ago of paving a mile or so of streets

Waynesville is fast converting the dirt roads into nice paved streets, which not only means a cleaner town, but a healthier town, since the menace of dust is being cut down

We have always maintained that good paving is an investment, and feel that Waynesville is going ahead faster in this phase of permanent improvement than many towns of similar size.

## An Energetic Organization

Sunday morks the week-long anniversary of the National Federation of Business and Professional Women's Clubs. This is their 24th year, and here in Haywood county there are two active organizations. This year their slogan for their anniversary observance is

Needless to say, women are today playing local club.

This is an energetic organization, taking their work and civic obligations seriously. What more could be asked of any group?

## Due Recognition By Rotary

The recognition of Rev. Malcolm R. Williamson by Rotary International, is a deserv- ville High School football team and ed honor, and comes as no surprise to those band to Brevard for the annual organized at high school, who have watched his work in religious,, and civic affairs since he came here 11 years ago.

materialism? Answer: Yes, says Dr. Beppino Disertori, Swiss psychiatrist, in an article on "Psychoanalysis and Metaphysics." Materialistic science has sought to restrict the sphere of consciousness and even to prove that it is powerless or non-existent; such science says the mind is a mere by-product of the body, of little or no importance to it. of yourself than you are capable of being or doing. An impossible ego-ideal may have started with unreasonable demands made on you by your parents, or with an exaggerated idea of their power and perfection. It is normal for a boy to aspire to be as "big" or "good" as Daddy when he grows up, but if he imagines Daddy to be too much bigger and batter than he actually is, the boy may develop an ego-ideal that will give him a crushing feeling of inequacy. It is wiser not to be too rigid in the standards you set for yourself, but to be satisfied to do the best you can.

In other words, cities and towns of North Carolina are getting about \$4,500,000 from the State for street upkeep. However, both Jordan and provided these funds. They both went down swinging after a bitter legislative battle, and as for the Governor, he has not recovered to this very day and still lambasts the Powell Bill when he runs short of other exciting material in his speeches, It's the law of the land now, but never mind, NEED HELP - Most of the

week-the first closed-door meeting since the Graham-Smith affair -the State Highway Commission said nothing doing. Question is, how are these small communities scattered throughout the State going to use the Powell Bill money if the State won't cooperate with them? Another question: How are they going to feel about Henry Jordan, the man to whom they are looking for assistance, in the event this help is not forthcoming? It's easy to look down official noses at the little towns and cities, but they east a lot of votes.

THE CANDIDATES - Bill Umstead dropped the other shoe last week and now all he lacks being a full-fledged candidate for Governor is paying the filing fee.

Radioracle Bob Thompson of High Point has turned to a new candidate for Governor. As you know, he trotted out Dr. Casper Warren, pastor of the First Baptist Church in Charlotte, a few weeks ago. There was quite a splurge, but nothing came of it.
