Bigger, Better Package of Service

...yet up in price far less than most things you buy!

A DOZEN EGGS is still a dozen, and a pound is still a pound. But the "package" of telephone service you buy grows larger and larger.

TODAY IN NORTH CAROLINA, you can call nearly three times as many local telephones as you could ten years ago. And the service is better. Yet with all this extra value, North Carolina telephone rates in the overall have gone up less than half as much as prices in general.

ALWAYS ONE of your biggest bargains, telephone service is today an even better buy than it was ten years ago... and a smaller part of your family budget.—Southern Bell Telephone and Telegraph Company.
