

Wood Shares In Tax Amortization Program

Waynesville is one of 30 counties in the Tennessee Valley region which are participating in the benefits of the new industrial expansion program approved for amortization.

One of the 201 counties in the Tennessee Valley region affected by the program between October 1, 1950 and June 5, 1952, is only one of 15 counties in North Carolina which are participating in the new program on the new paper and fibre plant authorized to be accelerated under the program for a major part of the Champion plant's facilities.

and to reduce objectionable waste from the plant. Details of the Champion program were revealed some weeks ago.

The TVA report pointed out that certificates of necessity for tax write-offs cover only part of the privately financed facilities being developed in the area. Some firms do not make use of this device, authorized in the Revenue Act of 1950, for tax amortization over a five-year period.

TVA said the projects authorized in its area amount to 4.7 per cent of the \$11.3 billion certified for manufacturing in the nation as a whole. By comparison, the report adds, the 201 counties had 1.9 per cent of the nation's value added by manufacture in 1947, 2.6 per cent of the nation's factory

Where Man Fell To Death Monday

Dry Falls, about eight miles from Highlands, was the scene of a fatal accident Monday noon when John B. Kilby, Jr., 19, of Knoxville, Tenn., fell over the falls while trying to walk across the top. He lost his footing, turned a somersault, and landed on a large boulder before plunging 90 feet to the bottom.

White Oak Has Regular CDP Meet

By MRS. GEORGE BORING
Community Correspondent

The regular meeting of the White Oak Community Development Meeting was held Saturday, August 2, at the Community House with Chairman George Boring in charge.

Scripture and prayer was led by Henry F. Teague, followed by group singing.

Plans were made to attend the field day August 22nd at South Clyde Community.

A welcome was extended to the following visitors at this meeting: Homer Leatherwood, Blue Mountain, Alabama; Mrs. Weaver Bramlett, Arlington, Virginia; and Bob Williams, Newport News, Virginia.

Jean Davis, both of Waynesville.
Howard Limer, Lake Junaluska and Dorthy Norris, Waynesville.
Marshall G. Cladwell and Ellen Louise Robinson, Hazelwood.
Robert Henry Francis, Jr. and Catherine James, both of Waynesville.
Carroll W. Scott and Maxine Clark, both of Canton.
Willis Henry Overby, Lawsonville and Jeanette Alice Leopard, Waynesville.
Edwin Lowe and Bobbie Robbins, both of Waynesville.
William C. Hutson, Dallas, Texas and Betty Jean Grooms, Canton.

The meeting was then turned over to Mr. and Mrs. Rowe Ledford who had charge of the "Family Night" program. Games were "The Balloon Battle", "Noah's Ark", "What Berry", and other guessing contests. At the next meeting, Mr. and Mrs. Walter Lowe and family will be in charge of the program. Prizes were awarded to the winners of the various games.

At the close of the meeting, cake and soft drinks were served by the ladies.

Homecoming and Decoration will be at the Pigeon Baptist Church Saturday. This will be an all-day meeting with preaching and singing. A picnic lunch is to be served on the church grounds at the close of the morning service. Everyone is invited to bring a picnic basket and spend the day.

Those who plan to attend the day's events are asked to bring flowers to place on the graves of relatives and friends at both the Teague and Church Cemetery.

Mr. and Mrs. Jack Bramlett of Baltimore, Maryland, are visiting the latter's parents, Mr. and Mrs. Joe Teague, and other relatives of this community.

Mr. and Mrs. Shelby Bramlett and family of Orange, Virginia, are visiting relatives and friends on White Oak.

Some of the craters of the moon are as much as 140 miles across.

Recruiter To Be Assigned To Base Duty

The Air Force and Army recruiter for Haywood County, S-Sgt. Jerry Clark, has announced that this is his last week in the county. He will be assigned to base duty following the recent reduction in recruiting personnel. Sgt. Clark has been in Haywood County since November. He will be replaced by Sgt. Clay Hensley of Sylva, who will be at the Waynesville Post Office each Thursday from 9 a. m. to 4 p. m.

Three Haywood Men Enlist In U.S. Air Force

Three Haywood County men enlisted July 30 for four years in the Air Force, according to the local recruiter, S-Sgt. Jerry W. Clark. The men are Edwin R. McClure, 20, son of Mr. and Mrs. Floyd McClure of Waynesville, who graduated from the Waynesville High School in 1952; Theodore H. Lewis, known as Harold Beaver, who lived with his aunt, Mary W. Davis of Canton; and Joel R. Gilreath, son of Mr. and Mrs. H. K. Gilreath, also of Canton. Both men graduated from the Canton High School in 1952.

employment, and 3.9 per cent of the nation's population in 1950.

The region's lag in private financing of defense production is probably explained by the types of industrial expansion that have been emphasized in the defense program, the report says.

Five major groups — primary metals, chemicals, products of petroleum and coal, production of transportation equipment, including aircraft, and electrical and other machinery — account for 85 per cent of such investments in the nation.

"Three heavy industries—chemicals, pulp and paper, and primary metals—account for 80 per cent of the region's certified manufacturing investments. Proposed outlay for chemical facilities of \$65 million, or about 3.2 per cent of the amount certified for the nation.

"Largest single chemical certificate is for \$25,000,000, covering part of the new \$110,000,444 synthetic fiber plant of the Chemstrand Corporation at Decatur, Ala.

"Certificates totaling \$61,000,000 have been issued to the paper and pulp industry. Of this, \$48,800,000 covers part of the investment for the new Bower newspaper plant in east Tennessee."

Another major paper and pulp project approved cover \$4,258,000 for the expansion of the Mead Corporation plant in Kingsport,

LIFE CAN BE TEDIOUS —

If you just don't feel up to "going places and doing things" with your friends. Especially in Summer, when everybody's enjoying outdoor activities, it's no fun to stay cooped up in the house, nursing a rundown feeling due to loss of sleep, poor appetite and gassy stomach distress.

You can't enjoy yourself (and nobody else can enjoy YOU) when you feel dull and listless. But you can DO SOMETHING ABOUT IT. Miss Frances West, Fairmont, S.C., DID. Here's her story:

"I suffered so much from spells of indigestion that I couldn't rest or sleep. I became so weak, nervous and rundown that I was unable to go about. Naturally I worried me not to be able to enjoy life with the rest of my young friends. I tried treatments and medicines without satisfactory results. Since starting Scalf's Indian River Medicine, I can now eat heartily of any food I want and sleep fine. I regained my strength and was able to get out for the first time in three months. That was some time ago but I still praise Scalf's Indian River Medicine for now I'm like a new person. At my request, many of my friends have tried Scalf's Indian River Medicine and are praising it, too."

Thousands like Miss West praise Scalf's Indian River Medicine, the famous herbal stomach tonic that eases stomach discomforts and whets appetite, thus helping restore normal sleep habits and nourishment, so you feel better and look better, at work and play.

Don't "drag through" the Summer because of such distress. Do something about it. Get Scalf's Indian River Medicine right away. Guaranteed to satisfy on very first bottle or money refunded. Don't accept less assurance than its 50-Year Test Of Time. Ask for Scalf's Indian River Medicine by name at your favorite drug store.

Would You Like to SAVE 350 HOURS' WORK A YEAR?

Pump Your Water Automatically!

One farmer found that it took 350 hours to pump and carry 605 tons of water a year needed by his dairy cows. That's 35 ten-hour days, one wasted, now saved by an automatic supply of running water.

A Myers Water System will furnish all the water you need at surprisingly low cost—about 4 cents for a thousand gallons. Come in, see the many advantages offered by Myers Ejecto and plunger type systems.
