

# Federation Picnic Set For Aug. 15 In Canton

The annual Farmers Federation picnic for Haywood County will be held on August 15th at the Canton High School where "Pan Handle Pete," the one man band; Patsy Messer, acrobatic star from Canton; Alex Houston, talented Hendersonville ventriloquist, and many other acts and other forms of entertainment will feature the day long program.

Acting as Master of Ceremonies will be James McClure Clarke, Federation Executive Vice President, who will report on the growth and progress of the Farmers Federation during the year.

In addition to the above entertainers, the Farmers Federation string band and various other local groups will be on hand to furnish music throughout the day. All singers, quartets, choirs, and other performers are especially invited to attend and take part in the picnic program.

In addition to the entertainment, there will be a number of stunts and novelty acts to demonstrate new farm practices. To illustrate

the Federation Commercial Egg Program a man sized hen will lay eggs on the platform.

Max M. Roberts, who is in charge of the picnics, announced the schedule of contests at noon which will include musical chairs, tug-of-war, roses and balloon blowing for the children. The afternoon program will feature singing by quartets and choirs with prizes awarded to the winning groups. The winning choir will receive a complete set of new song books, and the second place choir will receive twelve new song books.

In addition there will be contests held and prizes awarded for the oldest and newest married couples, for the largest truckload of people, for the baldest-headed man, and for the largest family.

Lunch hour will be called at 12 o'clock when the crowd will gather on the school grounds to eat their lunches which will be supplemented by free watermelon and lemonade served by the Federation.

## MORE ABOUT Sewer Line

(Continued from Page 1)

of Waynesville desiring to prevent as far as possible any overflow of said sewer line;

Upon motion duly seconded, it was ordered by the Board as follows:

(1) That the Town of Waynesville cooperate with the Town of Hazelwood in cleaning said sewer line and removing any objects or things retarding the flow of sewage as far as practical, and if so recommended by the engineer, to procure expert service in cleaning and checking said sewer line periodically.

(2) That the Mayor and Board of Aldermen forthwith appoint one or more inspectors in the Town of Waynesville to inspect all buildings to determine whether or not down spouts are connected with sewer lines or running surface water within the sewer lines, and to take necessary steps forthwith to require the property owners to arrange so that the down spouts from buildings run into the storm sewers instead of the regular sewer lines.

(3) To inspect and examine lateral lines within the corporate limits of the Town of Waynesville to determine whether or not surface water is getting into said sewer lines and as far as practical to remedy and remove from lateral lines conditions that would cause inflow of surface water.

(4) That a new sewer line heretofore ordered, be laid as early as practical along Shelton Branch.

(5) That as early as practical the Town of Waynesville shall lay and maintain a sewer line in the Allens Creek area to make available for users of water in that area, which sewer line shall connect with the main sewer line at the Hazelwood corporate limits, as heretofore planned and surveyed, in order to remove sewage now running into Allens prong of Richland Creek in the Allens Creek area within the corporate limits of Waynesville.

(6) To cause an inspector to examine along Richland Creek within the Town of Waynesville to determine whether or not any sewage from buildings is being emptied directly into Richland Creek, and to cause the same to be removed where sewage empties into Richland Creek within the corporate limits of Waynesville.

(7) To do and perform such other things as may be practical and helpful to avoid overflow of the sewer line.

## MORE ABOUT Beef Shoot

(Continued from Page 1)

four divisions of the shooting match.

Some drivers felt all was lost as they made the drive to the Ranch Wednesday morning and their motors got hot. But after a little cooling off, and taking the climb in accordance with the posted signs, the line of traffic moved along, and once at the top, everyone was just a big congenial group of folks interested in the one thing—the shooting match.

The visitors who were attending for the first time, seemed keenly interested in watching the bullets being poured. Others displayed unusual curiosity over the manner in which the muzzle loading rifles are prepared for shooting.

The pouring of powder from an ancient powder horn, tamping the bullet and firing all consumed more time than the modern way of throwing in a manufactured shell and pulling the trigger.

Sometimes a little too much powder would send up an unusual puff of smoke, and startle both the shooter and the casual spectators.

There were 140 targets used during the day. Each shooter got three tries at each target. Each target was carefully measured down to the nth of an inch.

Each shooter had a choice of shooting prone from a bear rug, using a log to rest his or her rifle, or by taking it standing up. Those standing up shot from a distance of 40 yards. Those using a rest had to send their bullet 20 yards further to the target.

Mrs. Margaret Coman won top place for the women for the fifth consecutive year. Second place went to Suzanne Curry, a high school junior here.

In the men's division of 60 years and older, the top place went to W. A. "Bill" Bradley, who has perhaps attended all 15 of the events. Second place went to H. S. Hall, father of Mrs. Coman; and Willis Bumgarner of Waynesville was third. Hall is from Asheville.

In the age group from 40 to 60, Tom Mull of Waynesville was first, with Branson Chandler also of Waynesville, second, and Elmer Frady of Asheville, third.

In the group of 20 through 39, the first place was won by Val Forgett, of Teaneck, N. J., with Charlie Putnam, Hazelwood, second, and George Browning, Waynesville, third.

In the boys' group, through 19, the first place went to Dan Parrish, of Daytona Beach, Fla. He was followed by Charles Loftis, Waynesville, and Bill Bruner of Clemson College, S. C.

Many visitors, I observed, were interested in the manner in which many of the pioneer families of the Smoky region went about the business of making bullets, loading and firing the long, slender barreled rifles. They handled their guns as professionals—and I guess they are.

For example, there were the three Rich brothers from Maggie, Jim, Frank and Floyd. And from the Balsams were the Arringtons, Don, Frank and Herman, while Glenn and Nathan Messer from Hemphill, and the Suttons, from Maggie.

Ed Browning, winner of last year's match, was on hand and enjoyed being the defending champ of men over 60.

George Alexander, the 10-year-old son of Tom and Judy Alexander, owners of the Ranch, was the youngest shooter, while Elza L. Horton, 81, of Lenoir held the title of the oldest marksman. Mr. Horton shot seated on a chair, with the rifle resting on another chair across a log, and steadied by Tom Alexander.

Throughout the day various musicians fiddled away and added to the festivities. Several banjos were spotted, and their plunk-plunk kept rhythm with the periodic firing of the rifles.

Three people served as master of ceremonies—Jonathan Woody, Read Wilson, and Hooper Alexander, Jr. Between them, constant verbal pictures of the activities was given the spectators.

Judges for the 15th event included R. Getty Browning, chief locating engineer of the state highway department; Col. J. H. Howell and Ed Mottinger, of Waynesville. R. A. Griswold of Louisville, Ky., was target master.

Climaxing the day's activities, Getty Browning presented a book on bear hunting written by his father to host Tom Alexander, "in appreciation of his genuine hospitality."

In looking back over the 15th event, and barring the sunburn, I feel like using the famous phrase of the circus: "Bigger and better than ever."
