

Grand Jury Report

(Continued from Pg. 1, Sec. 1)

dition, The mens' quarters need the walls to be painted and covering of some kind on the floors.

One blind man who is a bed patient, needs hospital care.

The women's quarters are in bad need of paint and floor coverings. We talked to Mrs. Medford and Mr. Sisk, inmates, about food and care and they stated that they are getting plenty of food, good care and are treated well.

The kitchen and dining room walls need painting very badly and the floor needs covering. Also they need a new stove.

The porches need to be painted and broken window panes replaced.

We, the Grand Jury as a whole, would like very much to see the County Home put in first class condition throughout the building.

We found the following supplies at the County Home:

7 sides meat; 4 hams; 50 hens; 2 shoulders; 50 lbs. sausage; 15 gals. lard; 450 cans mixed foods. These are 1 gal. and 1/2 gal. size cans. Approximately 10 tons coal; 2500 bales hay; 60 tons silage; 50 head cattle; 1 horse; 6 shoats.

Hospital and Nurses Home

Excellent condition.

Courthouse

We found the Courthouse in good condition with the following exceptions and recommendations: The Health Department needs painting very badly. We recommend that this be attended to at once. The Office is badly crowded and we recommend that additional space be given, if possible, County Agents Office—we recommend a general cleaning including a new coat of paint and window shades; Red Cross Office—we still recommend that this office be painted. We found the Jail in good condition with 28 prisoners (27 men and 1 woman).

Canton Jail

The Canton City Jail is in good shape. It is very clean. We found one occupant.

Prison Camp

The Prison Camp was found clean and in good condition.

County Schools

Fines Creek: Leak in High School Science room, Radiator leaking over Home Ec. room. Ceiling in boys' dressing room in need of repairs. Lights need repairs in the following class rooms: second, third, fourth, fifth, sixth and seventh. Bad leak in auditorium. Broken plaster on stage front. Steps in unsafe condition in front of Elementary building. Broken window panes in work shop and cannery. Water seepage into Work Shop through upper wall. Guttering needs repairs. Pipes exposed in water line. In need of septic tanks. Home Ec. room reported cold. Need sash cords on windows in first grade room. Need plywood

CHAMPIONSHIP FORM—SHE HOPES

FIORELLA NEGRO, 15, of Milan, Italy, resembles a ballet dancer as she whirls through a sit-spin in a London ice rink. She is among the top British and continental skaters practicing for the coming European ice skating championship competition at Bulzano, Italy. (International)

cover for vent in sixth grade room.

Lake Junaluska: In good condition. Driveway has been gravelled and plaster on south side of auditorium has been repaired since last report.

Rock Hill: In good condition.

Maggie: Drain pipe stopped in boiler room. Two window lights out in auditorium. Water seepage through walls of classrooms.

Crabtree: Two flush tank covers broken in girls' restroom. Three missing handles on lavatories. Some broken window panes in gymnasium and paint on wall in bad condition. Celexet coming loose in a number of rooms.

East Waynesville: We found in good shape with exception of some minor repairs which are being taken care of.

Cecil: We understand that this school is to be discontinued.

Pigeon Street Colored: Tables in cafeteria need covering. We understand that they also are to have a new school building, which is needed badly.

Bethel School: The school is in very good condition with the following exceptions: Leak in kitchen

and cafeteria. Floor in kitchen needs repair. As suggested before, we think the road between the buildings should be closed to insure the safety of the children that are continually crossing to other buildings. We suggest the driveway for the buses be paved.

Cruso: Conditions in this school are the same as they were when Grand Jury made their inspection in February, 1953. We suggest that these conditions be corrected as early as possible.

Clyde High School: Good condition.

Patton School: Good condition.

North Canton: Good condition.

Beaverdam: Good condition.

Canton High: Good condition.

Pennsylvania Avenue: Good condition.

Reynolds High (Colored): Good condition.

Morning Star: Good condition.

Also, We, the Grand Jury, would like to recommend that a speaker system be installed in the Court Room for the benefit of the Court.

And, in conclusion, the Grand Jury wishes to express its appreciation to the Presiding Judge, the Solicitor, the Court Officers, and County Officers for their patience and courteous condition during our work here this week.

Respectfully submitted this the 27th day of November, 1953.

Will J. Leatherwood
Foreman of the Grand Jury.

Son Dies, Fiancee Adopted

HUNTINGTON, W. Va. (AP)—A German woman who was to have become a Huntington couple's daughter-in-law has become their adopted daughter instead.

Miss Annelies Lange had been engaged to Mr. and Mrs. C. G. Gillette's son, William Joseph, who died of heart disease.

The couple asked Annelies to make her home with them.

Bill Gillette met Miss Lange while he was stationed in Germany during World War II.

Wife Preservers

If you are not sure an egg is fresh, put it in a pan of water. A fresh egg will sink.

don't DO that!

FIRE HAZARD ... If you smoke cigarettes, don't complicate your life with a veil covering the face.

Chatham Urges Carolinians To Buy Christmas Seals

In his Christmas Seal message, Thurmond Chatham, Congressman from the 5th North Carolina District and the 1953 state Christmas Seal Chairman, urges all North Carolinians to support a vigorous campaign against tuberculosis.

Mr. Chatham's message, opening the 47th annual campaign, states: "Every citizen of North Carolina can be justly proud of the steady progress made against tuberculosis during the last 30 years. Due to diligent efforts in uncovering unknown cases and great advances in medical research, the death rate from tuberculosis has declined tremendously.

But the situation is not as favorable as these facts would lead us to believe. Tuberculosis is still the major public health communicable disease problem. There are 400,000 active cases of tuberculosis in the United States and an estimated 150,000 unknown cases — 150,000 people unwittingly spreading this dread disease among their family, friends and community.

Here we have a very real problem with two practical means of solution:

1. Find these cases early, effect an early cure, and save the taxpayers money.

2. Restore the patient to a useful and happy life so that he can contribute his fair share to the social and economic activities of his community.

The North Carolina Tuberculosis Association and its affiliates must have adequate funds to carry

Forecaster Passes Buck

SAN DIEGO, Calif. (AP) — In an appearance before the city council, A. W. Anderson, United States weather bureau head here, declined to evaluate artificial rain-making methods.

"But," he added, "they benefit us one way. When we miss our forecast of rain, I can always blame the cloud seeders."

Teachers See Double

BALDWIN, Miss. (AP) — At Waver School there are nine sets of twins among the 375 pupils. One teacher, Miss Glauys Austin, has four sets in her first grade.

"It's quite confusing," she sighed.

out these plans, and I have every confidence that the people of North Carolina will weigh the facts and give with a generous heart. Every dollar donated is a dollar's worth of protection for you and your family. We have solved much greater problems, and I know if we all give together now to the 1953 Christmas Seal Sale we can eventually obtain the objective toward which we are working—the complete eradication of tuberculosis in North Carolina.

I urge you all to give now, and give generously. Protect yourself and your family by riding North Carolina of this dreaded health menace."

Bergson Indicted

HERBERT A. BERGSON, former assistant Attorney General in charge of anti-trust cases in the Truman administration, has been indicted by a Federal grand jury in Washington on charges of violating the so-called "conflict of interests" law. This is the Act that bars for two years former officials from handling private legal cases with which they were connected while they were in government service.

Double Trouble

ATLANTIC CITY, N. J. (AP)—"I must be a soft touch for automobile thieves," said Arthur Leiby after his car was stolen while he was in court telling how the same car had been stolen and recovered a few days earlier.

Advantages Are Noted In Dwarf Apple Trees

GRAFTON, Mass. (AP) — Fifty dwarf apple trees on a fruit farm here may offer a preview of the orchard of the future.

S. Lothrop Davenport, the owner, thinks that more and more apple farmers will turn to the dwarf tree as an economy measure.

"The dwarf trees are propagated from shoots," he explained. "They stay small in size, which means smaller costs for the labor of spraying, pruning and picking."

He said experiments showed that the trees bore at a younger age and, if anything, their apples were bigger than those on standard size trees.

He said that the beauty of the dwarf stock was that you could graft or bud any variety of apple onto the dwarf root. So your dwarf orchard can produce the apple of your choice.

The dwarf apple trees grow to be about the size of peach trees.

Self Treatment Perilous

INDIANAPOLIS (AP) — Self-treatment of skin rashes and itches can often make troubles worse, firing up allergic-type reactions to the remedies used, two Indiana physicians report. By patch test, they found that one-fourth of a group of patients had skin troubles caused by one of a succession of remedies they'd used. The report is by Drs. L. E. Gaul and G. B. Underwood in the Indiana State Medical Association Journal.

It's the Best gasoline you've ever been able to use in your car

GIVES ANY ENGINE

TOTAL POWER

the utmost working horsepower under today's all-round driving conditions

NEW "TOTAL POWER" ESSO EXTRA

Total working horsepower for the highest-compression cars! For many late model high-compression cars "Total Power" Esso Extra makes it possible for the first time to enjoy full performance without a trace of knock or ping.

Total working horsepower for many new cars where total performance is now kept "under wraps" by retarding the spark to avoid knocking. These cars may be set to fully efficient timing, getting more horsepower, better gas mileage.

Total working horsepower wherever "cold engine stalling" is a critical problem on cool, moist days. Its special additive protects against stalling caused by carburetor icing, permits maximum possible power-flow from the time you start your engine.

Total working horsepower can benefit present users of "regular" gasoline in short-trip, around-town driving. By switching to new "Total Power" Esso Extra, they can get better mileage this winter... better all-around performance, too.

New "TOTAL POWER" ESSO EXTRA is a blend of hydro-carbon power components especially engineered to meet the total power and anti-knock requirements of even the highest-compression new engines. For millions of older cars it means better working horsepower and better total engine performance. It is not only the finest gasoline in Esso history... but the very best gasoline you can buy!

TOTAL POWER means just what it says. It means to begin with, a great advance in sheer high-compression POWER under the toughest driving conditions... POWER to start fast in any weather... POWER for fast warm-up... POWER to kill off knocks and pings... POWER to resist cool weather stalling... POWER to take steep hills in stride... POWER to pick up swiftly from a standstill. It means that in the toughest of the jobs your engine is called on to do, you can expect the maximum that can be obtained from any gasoline that you can buy. The inevitable result is a kind of smooth performance and long mileage you always wanted.

For the very newest in "Happy Motoring" try the "TOTAL POWER" ESSO EXTRA today. You will find no other gasoline gives you more in extra performance under today's all-round driving conditions.
