Information on several types of scholarships for students and fellowships for teachers is now available at the county school superintendent's office, Superintendent Lawrence Leatherwood said today. There are offered by the North Carolina Medical Care Commission students who have been accepted by an accredited professional school. One type of scholarship is for students of medicine, dentistry, pharmacy and nursing who will be practicing their profession in rural areas of North Carolina at least four years upon the completion of their training.

Other student scholarships are Clyde A. Erwin Awards for prospective teachers, and grants to student nurses at the Hamlet Hospital, Hamlet, N. C. Faculty fellowships are restricted to teachers in junior and senior high schools.

Complete information on these scholarships may be obtained at the superintendent's office in the county house.

## Tractor Chase Is Tiring

**FAIRVIEW, Mont. (AP)** — Farmer John Reidel's tractor took off, unmanned, into the darkness. He chased it—across railroad tracks, through fences, a beet field and across a road. It just missed a car.

Reidel said his tractor could go only 20 m.p.h. but after his chase afoot he swore: "It seemed to go twice that fast."
