

Canton Likely To Be Mountaineers First Tournament Foe

Crabtree Takes Fair From Spring Creek

Crabtree Iron Duff's cagers sped up two more victories last night by downing Spring Creek on the C-1D court. The Yellowjackets walloped the Spring Creek boys, 83-69, after the Blue Devils had repulsed the invading team 47-42.

County Meet Next Week At Canton

A clash between Canton and Waynesville in the second round of the Haywood County tournament next Friday night, February 19, looms as a strong possibility as a result of the pairings for the cage meet drawn up at the court-house Wednesday afternoon.

Representatives of the county's six schools met yesterday afternoon to arrange a schedule for the tournament which will be held at the Canton gym next Tuesday, Friday, and Saturday.

The Mountaineers are slated to play the winner of the Canton-Clyde game at 9 p.m. next Friday, and since the Black Bears have beaten Clyde twice by top-heavy scores, there seems to be little doubt as to which team Waynesville will face in the second round of the tournament.

In the first game next Tuesday, Canton's girls will meet Crabtree-Iron Duff at 5:30 p.m. At 6:45 the Crabtree-Iron Duff boys will play Fines Creek. The Clyde and Fines Creek girls will meet at 8 p.m., and the Canton and Clyde boys at 9:15.

On Friday, the Bethel girls will play the winner of the Canton-Crabtree-Iron Duff game at 6 p.m. and the Bethel boys will follow at 7 p.m. against the winner of the Crabtree-Iron Duff game. Waynesville's girls will play at 8 p.m. against the winner of the Clyde-Fines Creek game, and the Waynesville boys will square off at 9 p.m. against the Canton-Clyde victor.

Bethel was seeded No. 1 and Waynesville No. 2 in the boys' division. In the girls' division, the positions were reversed, with Waynesville holding the No. 1 spot.

Records of county play reported yesterday were:

Boys—Bethel 8-2, Waynesville 7-2, Canton 5-2, Crabtree-Iron Duff 3-6, Clyde 3-6, and Fines Creek 0-8.

Girls—Waynesville 8-1, Bethel 8-2, Crabtree-Iron Duff 5-4, Canton 2-5, Fines Creek 2-6, and Clyde 1-8.

In a game here last week, the Little Mountaineers walloped the Jayvees, 40-39.

Canton - Waynesville Tilt Highlights Slim Cage Card

Canton's invasion of Waynesville tomorrow night will be the only high school basketball game played on Haywood soil, with Bethel scheduled to play at Fletcher.

Clyde, Crabtree-Iron Duff, and Fines Creek will be idle until the county tournament next week.

Canton has lost five games this season to Asheville School. Lee Edwards twice, Bethel and Waynesville, but only the Mountaineers have beaten the Black Bears badly.

This defeat—55-41—was inflicted by Waynesville on Canton's home court.

However, it was apparent to all present on January 8 when the two teams first met that Canton was way off its usual form. Charlie Carpenter hit only five points that night—a very small total for Canton's ace athlete. Most of the time

he's good for from 15 to 35 points. Since losing to Waynesville, Canton has dropped only one game—to Lee Edwards. Last Friday the Bruins beat Hendersonville for the second time and did it on the Bearcats' hardwood.

The Waynesville Mountaineers had a close call in their first meeting with the Lady Bears and just managed to pull the game out of the fire in the last few minutes.

The conference-leaders—paced by Linda Welch—will be favored, but Canton's Rosa Parton and Jean Surratt are both good shots and could cause a lot more trouble, just as they did on January 8.

Bethel whipped Fletcher in the first clash between the two teams and will be favored to repeat tomorrow night.

Waynesville Teams Win 2 Games From Brevard

Special Schedule Drawn Up For CDP Basketball

A supplemental schedule for teams in the county CDP basketball league has been drawn up by Steve Cassell, assistant county agent.

In a letter to CDP team managers, Mr. Cassell wrote: "The CDP Basketball League play is now drawing to an end. You have been successful in playing better than three-fourths of the games scheduled to date, plus tournaments. However, a few of you will fall short of the necessary five games. The following schedule has been made up for next week to help those of you who are short on games to reach the minimum number:

Monday, February 15th 7:00—Francis Cove vs East Pigeon—girls, Hazelwood. 8:00—Francis Cove vs East Pigeon—boys, Hazelwood.

7:00—Cruso vs Thickety—girls, Bethel. 8:00—Cruso vs Thickety—boys, Bethel.

7:00—Crabtree - U. Crabtree vs Hominy—girls, Crabtree. 8:00—Crabtree - U. Crabtree vs Iron Duff—boys, Crabtree.

Thursday, February 18th 7:00—Francis Cove vs Thickety—girls, Hazelwood. 8:00—Francis Cove vs Thickety—boys, Hazelwood.

7:00—East Pigeon vs Ratcliffe Cove—girls, Bethel. 8:00—East Pigeon vs Ratcliffe Cove—boys, Bethel.

7:00—Fines Creek vs Hominy—girls, Fines Creek. 8:00—White Oak vs Hominy—boys, Fines Creek.

Even with these additional games one or two teams will still be short of the five games. You will still have two weeks before the county tournament, to be played the second week in March, in which to play additional games, but no schedule will be sent you. Each of the gyms will be available for you to use on the usual basis. Please notify the county agent's office of any additional games you play."

Boys' lineup: Brevard (62) Wayneville (71) F—Cudd (12) Aldridge (14) F—Galloway (12) Cogdill (4) C—Arnette (4) Baker (11) G—Cox (11) Leatherwood (26) G—Bryson (7) Nichols (3)

Subs: Brevard—Smith 15, Burgess 1, Waynesville—Harris 4, Jordan 3, Hightower, Davis, Grahl 4.

Officials: Pappas and Evans. It took 12 years to design and build the Colossus of Rhodes, one of the seven wonders of the ancient world.

Bob Cousy Tells Cagers: Master All Type Shots

By BOB COUSY Boston Celtics

The art of putting the basketball through the hoop is something a man is born with and I am convinced a great shooter cannot be made.

If a man has the "touch," however, there is much he can do to improve himself.

Practice, of course, is the one thing he must do but he must get the right kind. I would say to any youngster: Pick out a great shooter, such as the Celtics' Bill Sharman, and if he fits your style, imitate him. There may be other players more to your style, however.

For example, you may find that Frankie Brian (Fort Wayne) or Carl Braun (New York) suits your physical make-up better. Then these are the ones you should copy. Once you have decided upon the man best adapted to your style, study him closely and fit his shots to your physical make-up.

For the advanced player, professional or college, it is important to adapt your shots to the situation. If the play calls for a left-hand hook, then that's the shot to throw even if it isn't the best in your bag. It therefore becomes a must for the complete player to try to master all types of shots—the hooks, with either hand, push shots and underhand flips.

At Camp Graylag in Pittsfield, N. H., where I ran a basketball camp last summer, we taught the kids—the younger the better—the correct form for each shot and then insisted on constant practice. At the end of each session we ran movies, stopping the camera constantly, to point out where the right or wrong shot was taken. In addition, I had movies made of Easy Ed Macauley demonstrating his favoring left shots and Ed has about all there are in the book. These we used to help the kids develop the correct form for all the shots emphasizing finer and wrist control.

With kids, I tried to decide what physical assets each one had and then insisted that the youngster

BOB COUSY

work on his specialty for an hour extra each day. If I found a boy with strong wrists and fingers, I tried to teach him all I could about dribbling and passing. Each youngster was treated as an individual with an eye to his special physical talents.

Legs are all-important in the basketball player and a kid player must concentrate on strengthening his underpinnings. Graylag then, too, we devoted some time to teaching the kids the best running form. You can't give a boy speed if he is not born with it; yet you can show him the proper running form so that he can get as much out of his ability as possible.

To all young basketball players the word is practice, practice, practice!

--- for that Rainy Day!

The wise man doesn't wait 'til the rain falls before he gets himself an umbrella. Same sound sense applies to financial "rainy days." The money you meant to save — but didn't — won't do you a bit of good. Only money that will count is what you DID save . . . regularly, systematically, every pay day. Let your ever-growing savings account be your "umbrella" . . . and you can take life's "rainy days" in your stride.
