The deadliest gunslingers of the West battle it out in Columbia Pictures' "Jesse James vs. the Daltons," 3-D drama which arrives at the Park Theatre on Sunday. Brett King and Barbara Lawrence are starred in the new Western drama filmed in color by Technicolor.

King, as an embattled Westerner who drew the fastest gun in a country where men lived or died by bullet rule, is pitted against the Daltons, deadliest gang of all. Believed to be the son of Jesse James, the notorious desperado, King relies on his guns in his desperate attempt to prove he is not the outlaw's son, and he even fakes a railroad holdup in order to contact the Dalton gang whom he believes can lead him to James, from whom he can learn the truth.

With the help of Miss Lawrence, daughter of a man who rode with James, King arranges a rendezvous with the Daltons at a mountain hide-out where the outlaw's loot is cached. The loot turns out to be Confederate money and the Daltons ride off with Miss Lawrence to hold up Coffeyville's two banks.

King, who has been able to prove his true identity, warns the townspeople and the dread outlaws are wiped out in an epic battle. King, his name cleared, is now free to pursue his romance with Miss Lawrence to the point of matrimony.

TV Bore Convicts

FOLSOM PRISON, Calif. (AP)—All California State prisons now have television, but many convicts still are bored. Warden Robert A. Heinze, acknowledging a gift of six TV sets from movie producer Walter Wanger, said Folsom was the last of the State prisons to acquire TV.

"Most of the prisoners like it," Heinze commented. "But a good many don't seem to be interested at all."

Fish Breaks Record

DALLAS (AP)—In 34 years of driving Mrs. Clarence Kimber had never dented a fender. Then she bought a gold fish in a small carton of water. She put it on the front seat of her car.

As she rounded a curve on the way home, the carton started to slide off the seat.

Mrs. Kimber grabbed for the fish, the car jumped a curb and smashed into a tree. It cost \$50 to repair.

The gold fish lost its water supply and apparently was dead by the time Mrs. Kimber got home.

She put it on the kitchen drain board and forgot about it. Some time later she put the fish in water. It revived and was apparently none the worse for wear.

Unlike most lizards, the chameleon can focus its eyes on one spot and so achieve binocular vision.
