People Are Honest?

OXFORD, N. C. (AP) — The Oxford Chamber of Commerce, assuming people are honest, dreamed up a good will-building plan for careless motorists. When policemen saw a car by a parking meter on which the time had run out, they would put in a nickle and leave a note asking the driver to repay the chamber instead of paying a traffic fine.

The plan was dropped after a one-week trial. About the only people putting money in the meters were the policemen, and strangers who didn't know the police would.
