Private Fishing Lake Will Open At Maggie

Retirement Deferred

COLLEGE PARK, Md. (AP) — Maryland's football team kept Dr. H. C. Byrd on the job two days longer than he expected.

Byrd had planned to retire as University president on Dec. 31 after 18 years in that post. But Maryland's gridgers were picked to play Oklahoma in the Orange Bowl on Jan. 1.

The University regents, wanting

Raleigh Saturday to represent the Future Homemakers Club.

Rev. Roy P. Jones has returned to Creston, after spending a week with Mr. and Mrs. Lloyd Jones and Mr. and Mrs. Lester Johnson.

Those having birthdays for April are Joyce R. Owen, Douglas Price, Tommy Williams, Roba Dewese, Mrs. Frank Mann, Richard Dewese, Mark M. Broyles, A. B. Rob- inson, R. A. Williams, Ernest Broyles, Mrs. Jimmy Mann, Patsy Scroggs, Jackie Mason and Brenda Kay Fish.

Haywood County's first com- mercial fishing lake will be opened Saturday morning at Maggie on Campbell Creek by Charles Rhine- hart.

The lake, located off the Soco Road behind Bradley's Trading Post, contains approximately three acres of water. Its maximum depth is 10 feet. Later it will be enlarged to five acres.

The lake will be open Monday through Saturday from 6 a.m. through 6 p.m. and on Sunday from 1 p.m. until 6 p.m., Mr. Rhinehart announced. It will be stocked with brook trout.

Since the lake is on private property, no license is required for fishing there and no limit is im- posed on the catch. Fishing can be done either from the shore or from boats which can be rented.

Any bait can be used with the exception of minnows, Mr. Rhine- hart added.

Byrd to witness the game as president of the institution, set back the effective date of his resigna- tion to Jan. 2.

Stengel Advises Fans To Watch Steve Kraly

AP Newsfeatures

ST. PETERSBURG, Fla. — "The history of Steve Kraly," says Man- ager Casey Stengel of the world champion Yankees, "is that each time he moves up in baseball his earned run record improves and he wins more games.

"Here's his record: At Inde- pendence, Mo., in 1949 he won 15 with a 3.28 earned run record. In 1950 at Joplin, Mo., he won 18 and had a 2.79 ERA and in 1953 after two years in the Army he had a 19-2 record at Binghamton, N. Y., and a 2.08 ERA.

"He lost two games for us last fall but I'm not giving up on this fellow. Why, he won't be 24 until April 18.

"For a 5-8 guy weighing only 160 pounds he sure loves to work. When the Yankees signed him he was only 125 pounds. He has a good sharp curve and reminds you of Bobby Shantz.

"He's one of six rookie pitchers on our roster this spring but my advice is to watch him. He's one of seven left handers on the club.

"I don't care if the pitching is left handed or right handed if it is good. Ability is the big thing. Another thing I never mention to anyone is that those left handers hold a runner on base better and that helps prevent the other team from scoring runs. And a number of left handed pitchers make bat- ters hit into double plays.

"Good left handers can pitch against both right and left handed batters. Kraly could be one of them. Bob Wiesler, 23, is another. He won four games in the Ameri- can Association playoffs for Kan- sas City. He has a good arm and ability. The only question is how soon will he be able to master his control. He's 6-3 and 190 pounds and could be a good one."

British Athletes Get Pill Tests

LONDON (AP) — One hundred British athletes are swallowing two small brown pills a day. It's part of an experiment by a Harley Street physician who believes the tablets increase human endurance.

Prof. John Yudkin of London University came up with the dis- covery about a year and a half ago. His pep-up pills are mainly of beef liver.

"Results so far convince me that the tablets definitely improve stamina in the cases of some marathon runners, swimmers, racing cyclists and boxers," said the medico who once was a runner himself. "They also seem to pre- vent staleness."
