By MRS. SAM FERGUSON
Community Reporter

Farmers in this section are getting behind with their tobacco setting as we have had insufficient rain lately. Some are trying to water their plants while others are waiting, hoping for rain soon.

Fines Creek people are glad to know the road on the lower end of the creek is to be paved in the near future.

One vote cast in Staturday's election on Fines Creek was cast by Mrs. R. N. Rogers (Aunt Sis), 103 years old. When getting her ticket, Mrs. Rogers asked if any of the officials thought they would be able to vote when they were 103 years old. She seemed to be in very good health and was in a jovial mood and said she hoped to come back and vote again next election.

Mrs. Rogers makes her home with her daughter, Mrs. R. A. Justice on Wesleys Creek.

Mrs. Cordell Ledford is very ill in the Haywood County Hospital.

Darwin Ferguson, son of Mr. and Mrs. Robert Ferguson, had his tonsils removed at the hospital Tuesday.

Mrs. Fred Brown and Mrs. Claude Clark, with the assistance of others, served lunch to election officials and others on election day.

Mrs. Jimmy Rathbone's mother has returned home after several days visiting with the Rathbone family.

Mr. and Mrs. Ray Seay left for Virginia Saturday to visit Mrs. Seay's brother, Reeves Rogers.

J. C. McElroy will be visiting his mother until about the middle of June. He was in France, but was called home because of the death of his father, Frank McElroy.

AP Newsfeatures—

Just the thing for summer showers is a smart two-piece rain outfit—cape and skirt. The skirt may be made large enough to fit over several crinolines.

Directions worked out by local sewing centers are followed easily as you will see here. Or if you prefer, perhaps you'd like to take a few lessons in special classes for teen-age seamstresses.

The plastic film used for this outfit is vinyl.

Three yards of vinyl plastic fabric, 54 inches wide makes the cape and skirt. One-eighth yard in contrasting color is sufficient for the trim.

CAPE COLOR

Take a 45 inch square of fabric. Fold it over twice—once across the length and once across the width. On folded point cut out about 2 1/2 inch circle to make the neckline. On opposite corners to folded point trim to curved edge for lower finish.

Open fabric to width and cut front opening at neckline center. Turn under three-quarters on each front opening to form a facing for each side. Stitch a band around the neckline 1 1/2 inches wide in contrasting fabric. To do this start at center back of neckline with exact middle of the fabric strip. Cut this strip at least 40 inches long so that you will have enough left to form front ties. Before stitching anchor the strip to neckline with paper clips, removing clips as you stitch. To finish front closure place dot snappers along front facing according to instruction on snapper package.

When sewing on plastic fabric use light tension and light pressure. Use a thin needle and mercerized thread. Set your sewing machine for a slightly longer stitch than used for most fabrics.

TO MAKE SKIRT

This skirt is made in two sections. First cut a paper pattern to a 34 inch square. Trim off one corner to make a perfect quarter circle. From opposite corner trim a quarter-circle so that it will measure one-quarter of your waistline measurement.

Using this as a cutting guide, fold plastic crosswise and place pattern on fabric with one edge against raw edge and the other J3edge against fold. Cut. Repeat

posed of people 60 years of age or older who are organized to carry on special activities of interest to elderly persons.

These groups usually have weekly meetings to hear speakers, conduct discussions, see film, sing, or go on organized travel tours.

In the growing field of adult education, Miss Johnston said, councils of all leaders who work with adults are formed to discuss the various needs of the community and to improve their instruction techniques.

The adult education program is being carried on all over the country through libraries, high schools, colleges, opportunity schools, YMCA's and YWCA's.

During her tour, Miss Johnston studied in the Cuyahoga County Library in Cleveland, the Cleveland Public Library, and those in Akron, Ohio, Denver, Fort Collins, Grand Junction, and Pueblo, Colorado; University of Utah, Salt Lake County, Midvale, Utah; Long Beach and San Bernardino, Calif.; Phoenix, Ariz.; Baltimore, Washington, (D. C.) Public Library, Library of Congress, Department of Agriculture, and the National Archives.

The major difference between other libraries and the one here, Miss Johnston asserted, is that the former, with newer and larger buildings, sponsor a wide variety of activities and offer meeting places for many groups, whereas the Haywood County Library can only circulate books and magazines.

As to whether the program she observed being carried on in other cities can be adopted here, Miss Johnston said that the matter depends on what people in Haywood County are interested in and what they want.

She added that she would welcome the opportunity to explain to county groups about the various activities being carried on throughout the nation.

However, Miss Johnston pointed out, very little expansion of the library's program is possible with its present small building and personnel.

for second section. This gives you two half-circles. Sew half circles together to form back seam. Turn front edges back one inch to form facing. Make waistband with strip of fabric as made for cape neckline. To finish front closure, place dot snappers along front facing according to instructions on snapper package.

It is a good idea to work these garments out with newspaper first. When you get the hang of it, cut into your fabric.
