## California Quartet Believed to Be Best Foursome In Golf

By RUSS NEWLAND  
New Features

FRANCISCO — Too old to be a young man's game, a foursome should follow a foursome in the Claremont Country Club in Oakland three times

club swingers, represent 331 years in age. The quartet is E. E. Fox, 79, N. S. (Nat) Dodge, C. D. Lasher, 81.

Professional Dewey Longo was giving lessons in Kan., as far back as 1887. He was playing foursome of any this country.

Thomas, a retired eye, ear specialist, took up golf at 57. He and his cronies play three times a week. His score last year was 44. The active nonagenarians are a lesson and practice weekly. And for other exercise still does pushups.

Dr. Thomas was born in Benton, New Brunswick, Canada. Dr. Thomas was graduated from the Boston Latin School in 1882. That same year he went to San Francisco to study medicine at the University of California in Philadelphia in 1887.

One of his former caddies is Joe Novak, who rose to become president of the Professional Golfers Assn. Kilroy presents some oddities in his game. He shoots left handed but putts backhanded with his right hand only. His favorite putter is 52 years old.

Once a 5-handicap player, Kilroy says he's happy to score in the 90's. If anybody near his age wants a match for a couple of bobs on the side, look him up at the Press & Union League club here.

DR. HAYWARD G. THOMAS

Kilroy, former publisher of the Butte (Mont.) Daily Post, started playing golf at the age of 9 in Dublin, Ireland. At Butte and Corncado, Calif., he played on sand greens long before close cropped turf became the vogue.

One of his former caddies is Joe Novak, who rose to become president of the Professional Golfers Assn.

**BULLETIN:** Willis Kirkpatrick, chairman of the Canton Board of Education, disclosed today that the board has named Boyd Allen to replace Don Hipps as head football coach and athletic director of Canton High School.

After five years, the annual gridiron battles between Coach C. E. Weatherby's Waynesville Mountaineers and Coach Don Hipps' Canton Black Bears have come to an end.

This fall the Paper City team will be under the direction of Boyd Allen, former assistant football coach and head baseball coach, moved to the top coaching position to replace Hipps, who has been named an assistant coach at Wake Forest College.

Hipps' hiring by the Baptist institution was reported unofficially Monday and then confirmed Tuesday by the Canton mentor and Wake Forest athletic officials.

Bill Hensley, director of sports publicity at Wake Forest College said: "Hipps has been OK'd down the line except by the executive committee of the board of trustees and that is expected to be just a matter of formality."

The head football coach at Wake Forest, Tom Rogers commented: "We are certainly pleased to get a man with Don's experience and one who has turned out such fine football teams in high school. He should aid us tremendously."

Coach Hipps replaced C. C. Poindexter at Canton High in 1949 and during the last five years, his teams have won 41 games, lost 12, and tied two—both with the Mountaineers.

In 10 meetings between their two teams, Coach Weatherby holds a 5-3 edge over Coach Hipps—with two scoreless ties on the books. This year, the Mountaineers and Black Bears will meet only once.

Commenting on Coach Hipps' leaving Canton, Coach Weatherby said: "I have enjoyed our relations and have always found Don friendly and cooperative. I believe he's capable of doing a good job at Wake Forest."

Hipps was graduated from Canton High School in 1941 after starring in football, basketball, and track for three years. He played fullback for the Bruins and captained the squad his last two years.

He entered Wake Forest in 1941 and played through the football season of 1942. In 1943, he left school to enter the Navy, where he rose to the rank of petty officer.

He returned to Baptist Hollow in 1946 after his discharge and played during the seasons of 1946 and 1947 under Peabody Walker, alternating between guard and fullback.

He coached at Forest City High School after graduation in 1948 until he came to Canton in 1949.

# Schoolboy Ring Sensation Running Out Of Opponents

Here Ralph Dupas wades into Dennis (Pat) Brady during their 10-round fight in New Orleans. Dupas, 18, won the decision.

Ralph Dupas, third ranking lightweight boxer, is an idol at Nichols High School in New Orleans. Here the 18-year-old fighter chats with Claire Duncan, left, and Mary Ann Magri. Right now he's going to summer school.

By ED TUNSTALL  
AP Newsfeatures  
NEW ORLEANS — Speedy Ralph Dupas, the New Orleans schoolboy who rose to the front in the lightweight division with his flashing fists, is running out of opponents in his climb toward the 135-pound title.

The 18-year-old high school junior, ranked third in his division by The Ring magazine, holds decisions over such contenders as Johnny Gonsalves and Armand Savoie. And he gave lightweight champion Paddy DeMarco a rough evening before DeMarco won the title early this year.

Dupas, a fighter since he was 14, presents a perplexing problem to lightweight title aspirants. He stands as a stepping stone to a title shot with DeMarco, but few contenders want anything to do with Dupas who has accounted for 47 victories in 56 pro fights. He has been in four draws and lost only five fights.

Promoter Allen Lacombe of New Orleans says both Cisco Andrade, unbeaten Californian, and Paoli Rossi of Italy have balked at meeting Dupas.

Dupas faces another problem since he is prohibited by law from

## Mail Frauds Cost Americans Over \$10,000,000 Each Year

Postmaster General Arthur E. Summerfield reported today that mail fraud schemes are costing the American public over \$10,000,000 a year.

In discussing the record of postal crimes which resulted in 5,977 arrests in the year 1953, Mr. Summerfield said those most frequent were burglaries of post office, holdups of mail custodians, and theft of mail.

Other frequently occurring crimes against the postal laws, according to Mr. Summerfield, included the wilful destruction of rural mail boxes, the mailing of fraudulent, lottery, and obscene matter and the raising and forgery of money orders and Postal Savings certificates.

One hundred and twelve postmasters and postal workers, a minute fraction of the more than one half million postal employees, handling a gross money turnover of over \$21 billion dollars in 1953, were arrested during the year for embezzlement of funds.

The investigation of postal crimes uses the time of about 200 of the 900 men in the Inspection Service who serve under the Bureau of the Chief Inspector in Washington, D. C. One hundred additional inspectors are now being added to meet the ever-increasing volume of work and to afford some relief to the constantly long hours of continuous duty served by the present staff.

Records of the inspectors to date show 99 per cent of all those arrested have been convicted, Mr. Summerfield noted.

The Inspection Service, he pointed out, goes back to the days of our first Postmaster General in colonial times, Benjamin Franklin; is the oldest of the Federal government law enforcement arms; and is charged with protecting the mail and investigating all postal crimes.

While the Inspection Service is constantly on the trail of mail swindlers and others violating postal law, Mr. Summerfield cautioned that the continuing tremendous losses through mail frauds—aggregating \$10 millions yearly—calls for more vigilance by the public in its own self-interest.

An outstanding example of mail fraud in 1953 victimized 900 people who were swindled out of \$1,000,000 on the promise of an operator they would get tax-delinquent land. He had no such land.

Another example, Mr. Summerfield said, was that a lawyer who promised investors a return of 20 per cent. He collected \$500,000 in six months from 100 victims and absconded.

A matrimonial swindler, posing as a rich Texan, married well-to-do women through lonely hearts clubs, living with them until he got their money, and left. His ill-gotten gains totalled \$50,000.

Vicious medical frauds claimed many victims with promises of home cures for cancer, tuberculosis and the like. One operator took in \$1,000 a day for 100 days on worthless pills.

Among nine arrested in 1953 for a year.

Still on the trail of Enka in the Western North Carolina Industrial League, but unable to overtake them, Hazelwood will have the opportunity to narrow the gap to a half game here Saturday against the Rayonites on the WTHS diamond. The contest starts at 3 p.m.

Behind only a half game a little more than a week ago, Hazelwood suffered from being idle last Wednesday as Enka won, and then slipped another half game in losing to Martel last Saturday afternoon.

Hazelwood was again idle yesterday. Other industrial loop tilts were drowned out.

Coach Bill Milner today announced the signing of a new pitcher, Jerry Alexander, Duke University sophomore, graduate of Canton High, and a member of the strong 1950 Haywood County American Legion junior team.

The difficult task of halting the powerful Rayonites Saturday will fall either to Alexander or his fellow Cantonian, Charlie Carpenter, Milner said.

Other starters will be: Dee Stephenson, shortstop; Babe Young, left field; Elmer Dudley, third base; Floyd Teas, first base; Lonnie Bishop, second base; Bob Pitts, right field; Bobby Joe Mease, catcher, and Milner, center field.

Seven members of the Hazelwood squad participated in the league's annual all-star game here last Sunday, won by Enka, 16-6.

## Farm Education

TUTTLE, Okla. (AP)—Eddie Don Burns, 4, watched closely as he rode around the farm with his grandfather on the big tractor. One day, Eddie Don decided to demonstrate the operation of the tractor to his small sister and a friend. He started it and drove through a barley field pulling a combine.

"It was working, too," he boasted to his grandfather, Jim Barnett, after he was stopped.

When the excitement died down, Eddie Don's mother, Mrs. Lilly Burns, gave the boy a demonstration of another farm feature—the old woodshed.

A noise of 150 decibels is enough to cause pain in a human ear.

Greater Tokyo's population is 7,593,815, an increase of 358,400 in a year.

# Foot Cager Enters To Combat Asthma

HOUSTON, Tex. — Houston is a city and it has the climate that causes asthma.

At Rice Institute got a much sought basketball player. Tucker is 6-feet-10 1/2, weighs 180, and is still growing. By the time he is ready for varsity basketball he may be seven feet.

As a sophomore in high school he averaged 20 points per game. As a junior he averaged 26 and as a senior 30.1.

## Pansy Triumph

KALAMAZOO, Mich. (AP)—Kalamazoo, which proclaims itself the nation's Celery Capital, now is laying claim to another title. It is that of Pansy Capital. Growers here shipped more than a million plants in the 1954 setting season. Kalamazoo claims that was a fourth of the nation's total commercial output for replanting purposes.

drinks five days a week, life guarding on weekends and playing basketball in his spare time. He figures the work will strengthen him.

Tucker was pretty convincing when he played in an all-star game at Murray, Ky. He was in the game only part of the second quarter and practically none of the fourth but scored 26 points.

As a sophomore in high school he averaged 20 points per game. As a junior he averaged 26 and as a senior 30.1.
