## Yearling Steer Sale Is Proposed

To create a market for yearling steers in Western North Carolina an effort is now being made to hold a steer sale on Tuesday, September 14, at the Asheville Stockyards, County Agent Wayne L. Franklin disclosed today.

The sales would be for steers, strictly of beef breeding, weighing from 500 to 900 pounds.

Mr. Franklin said that it is the belief of livestock and marketing specialists that a yearling steer sale would provide a good market for steers meeting the requirements and that buyers probably could be obtained for 250 to 300 steers at such a sale.

Stock to be sold must be reported by September 1.

Regulations for the proposed sale are:

1. Only yearling steers of strictly beef breeding weighing from 500 to 900 pounds will be accepted for the sale. No heifers or bulls will be sold.

2. Yearling steers will be sorted into official grades at the market the day before the sale by a state grader and will be sold in uniform groups.

3. Producers will agree to have their steers mixed with those of other producers according to weight and grade, and each producer will be paid according to the weight of his steers in the lot.

4. All steers consigned to the

## Here's a Perfect Dessert For 12

PINEAPPLE TRIFLE — Takes its cue from the famous English dessert.

By CECILY BROWNSTONE  
Associated Press Food Editor

"WHAT SHALL I SERVE 12 people for dessert?" That's a query we often get when our friends are giving a buffet supper or just having guests for coffee and dessert in the evening.

A trifle, styled after the famous English sweet, is one answer, or even the day before the party and refrigerated. Then just before serving, if you use a spring-form pan, it can be slipped onto a plate. Or if your kitchen doesn't boast a large spring-form pan, you can make the trifle in a casserole, it will still look pretty because of its garnished top, and you can cut it in front of your company.

There are various schools of thought when it comes to trifle. Mrs. Beeton, famous 19th Century English cookery author, has four recipes for this dessert. But one thing is sure—most classic trifles call for sponge cake or lady fingers; strawberry or raspberry jam, custard and whipped cream. Mrs. Beeton usually calls for some macaroons along with the sponge cake or lady fingers, but our version omits these; we use packaged vanilla pudding, too, instead of custard, and we add pineapple tidbits.

When I made this Pineapple Trifle recently for a supper party my sister was giving, we had onion soup, chicken, stuffed baked potatoes and green peas on the menu. The soup was a prepared mix; the chickens were spit-roasted, two at a time, on the electric rotisserie; the potatoes had chopped pimientos and scallions added to their filling; the peas were quick-frozen. Instead of salad, there were attractive dishes of radishes, carrot strips and olives on the table. Our guests enjoyed the Pineapple Trifle very much after this combination, probably because while it is a substantial dessert it also has a quality of lightness.

### Cake Desserts are Quick

By ALICE DENHOFF

EASIEST trick in the world is the cake dessert, a quickie which belies its easy preparation. Strawberry Meringue Puffs, elegant enough to grace a formal dinner table, are easy to make.

**Summer Treat**  
For 6 of the tasty tidbits, beat 1 egg white until stiff, but not dry. Add ¼ c. granulated sugar and ¼ tsp. vanilla extract gradually, continuing to beat until very stiff.

Spread meringue around the sides of 6 sponge cake shells. Place on a cookie sheet and bake at 150° F. for 5 min. Fill center of each bak. puff with a scoop of vanilla or strawberry ice cream—takes 1 pt. in all.

Top each serving with crushed strawberries, frozen or sweetened fresh fruit. Takes 1 c. strawberries.

Pineapple Nut Cake is a good choice for a party, since the recipe will serve 10. Slice 1 small loaf pound cake into 3 equal layers. Whip ¾ c. heavy cream and combine with ¾ c. crushed pineapple that has been drained. Spread whipped cream mixture between layers and over top and sides of cake. Sprinkle 2 tbsp. chopped walnuts over top of cake. Refrigerate until ready to serve.

Not for calorie-counters is another refreshing sweet.

Whip ½ pt. heavy cream and combine with 2 c. diced marshmallows, 2 c. ½-in. cake cubes and 1 c. crushed pineapple, drained. Refrigerate for three hr. before serving. Makes 8 servings.

If you have a little time, here's a recipe for an attractive dessert, a pound cake with a delicious filling.

Much of the work is already done, though, since the foundation is the pound cake that is waiting for you at your neighborhood bakery.

**Orange Filling**  
Melt 2 tbsp. butter in saucepan; blend in 1½ tsp. flour. Add ¼ c. sugar, ¾ c. orange juice, 1 tsp. grated orange rind and ½ tsp. salt. Cook until thick, stirring constantly.

Gradually add small amounts of the hot mixture to 1 beaten egg yolk until both are combined. Cook for an additional 2 min., stirring constantly. Place between 2 equal layers of a small loaf pound cake.

Serve with Walnut Sauce: Melt ½ c. butter in top of double boiler. Combine 2 tsp. cornstarch and ¼ c. firmly packed brown sugar; blend in melted butter. Add 1½ c. boiling water; cook until thick, stirring constantly. Add ¾ c. chopped walnuts and tsp. lemon juice.
