Court will convene here Monday morning with Judge Walter T Johnston, Jr., of Winston-Salem presiding. A total of 325 casesmstly involving traffic violations are listed on the docket. Of that number, 172 are new,

Among major cases to be heard are a charge of murder against Joyce Mann, 51, accused of the fatal shooting of Jack Case, 30, on the old Asheville road east of Canton last August 11, and a count of shooting against Burl Warren. Route 2. Clyde, charged with seriously wounding his son, Hall Warren, at their home in the Thickety community.

Both Mann and Case lived on the old Asheville Road east of Canton. Case was shot, officers said, following a controversy with Mann, and died the next night in the Haywood County hospital. He was allegedly shot with a 22 calibre rifle, the bullet entering the lower part of the throat above the collar bone.

Mann was given a preliminary hearing before Justice of the Peace J. J. Ferguson and released on a \$2,500 bond on the instructions of Solicitor Thad Bryson. Foreman of the grand jury is

Main Street Site Being Prepared

Within about sixty days, the First National Bank will offer service from three sides-the left, the right, and inside.

Workmen are now demolishing the former Dixie Home Super Market, adjoining the Bank, making way for drive-in deposit facilities of the bank, and an expanded installment loan department, plus additional parking space for customers while banking.

The First National has taken a long-term lease on the 58-foot Main Street lot, and on it will build a 20-foot building the full length of the bank building. This will be used for the new drive-in service. The remainder of the lot. besides the drive lane, will be converted into a customer's parking. All of this is being done in order to furnish every known banking service to its many customers. Depositors in cars will enter the

drive to a window, make their deposit without getting out of their cars and then leave the bank parking lot by Main Street. Jonathan Woody, president, said that plans are to push the work to

drive-in lane from Depot Street.

completion, and hopes to have it ready within sixty days.

Several months ago the bank opened an outside service window. which remains open until four o'clock five days a week. Regular banking service is given at the window, and is proving popular.

Special equipment, including bullet-proof glass for the drive-in department was purchased some time ago, and will be ready for installation by the time the additional building is completed.

Woody said the First National Bank would be the first in this area The acceptance of an invitation to offer four types of banking sernational group of vice, the outside window service musicians in New Orleans hung after regular banking hours, night depository, and the new drive-in
